Filing Description:

We respectfully submit a revision to our independent Private Passenger Auto program, which results in a rate level increase of 1.1% for State Farm Mutual Automobile Insurance Company and a rate increase of 1.3% for State Farm Fire and Casualty Company. The details of and support for the change are outlined in the attached Filing Memorandum and supporting exhibits.

The rate level changes contained in this filing specifically consider the expected effect that any prior changes in policy language will have on our future underwriting experience. The changes detailed in this filing reflect our best efforts to recognize our actuarially suggested income needs and have premiums that are as competitive as possible.

We do not rely solely on rate activity to achieve our objective of continued financial stability. We also concentrate on continued improvements in the way we service the business we write. These improvements range from internal expense controls to ongoing enhancements in the loss settlement process. We also invest and participate in many loss prevention and control activities. Attached is an exhibit that outlines some of these activities.

We submit this filing to be effective on new and renewal policies dated July 15, 2013 and later.

Sincerely,

Craig Isaacs, F.C.A.S., MAAA

Dear Michael Pittman,

Introduction:

***** IMPORTANT CHANGE *****

EFT IS MANDATORY FOR ALL FILINGS SUBMITTED ON OR AFTER 01/01/2011. See Bulletin 2010-08 attached to our General Instructions in SERFF.

RESPOND BY:06/07/2013

In order for us to continue our review, respond via SERFF to the following:

Objection 1

Comments: Ohio Revised Code § 3937.03 (A) states Every insurer shall file with the superintendent of insurance every form of a policy, endorsement, rider, manual of classifications, rules, and rates, every rating plan, and every modification of any of them which it proposes to use. Every such filing shall state any proposed effective date and indicate the character and extent of the coverage contemplated. When a filing is not accompanied by the information upon which the insurer supports such filing, and the superintendent does not have sufficient information to determine whether such filing complies with sections 3937.01 to 3937.17 of the Revised Code, he may require such insurer to furnish the information upon which it supports such filing....

The proposed Location Rating methodology (manual page 454 of 486) references a State Farm web site. Provide a revised Location Rating Factor Reference page (page 454 of 486) that includes the steps/rules for determining the GRID ID based on latitude and longitude.

Also include revisions to the manual page to clarify the applicability/use of Location Rating Factors and Territory Rating Factors. Such should be clearly mutually exclusive.

Objection 2

Comments:

Verify that any and all updates to the Grid IDs will be provided to the Ohio Department of Insurance as part of future filings.

Objection 3

Comments: Provide a summary exhibit that lists the weighted average indicated GRID ID Location Rating Factors (LRFs) side-by-side with the corresponding selections by decile groupings of GRID IDs. List the decile groupings from highest weighted average indicated LRF to the lowest. Include a detailed memorandum explaining the calculations utilized in the summary exhibit.

Objection 4

Comments: Verify that all selected GRID ID LRFs are at or below the indication.

Objection 5

Comments: Provide an estimate for the completion of movement of all insureds to the selected GRID ID LRFs.

Objection 6

Comments: Provide an exhibit that displays the estimated distribution of the book of business that will be at the selected GRID ID LRFs each year until completion.

RULES

The rules in this section govern the writing of all auto policies.

RATE SECTION RULES

ACCIDENT RECORD RATING PLAN (ARRP) (SFM Only)

The base premiums for the bodily injury and property damage liability, medical payments, and collision coverages, applicable to a private passenger automobile as defined in Rule 201 - Private Passenger Automobile Defined shall be subject to adjustments determined in accordance with the following provisions:

A. Charges Reference Table

The adjustments in the table below will be used to develop the surcharge applicable to each policy:

Category	Adjustment
Category A	10%
Category B	30%
Category D	50%

Note: See Section F. for adjustments to be used when the policy had been receiving an accident-free discount.

B. New Business Rating

A Category A adjustment shall apply if, in the three year period prior to the date of application, there are any chargeable accidents. The adjustment shall apply for a period of not more than three years, but it will not apply to any policy period that begins more than three years from the date of the accident.

An accident shall be considered chargeable if it resulted in damage to any property in the amount of \$750 or more.

C. Subsequent Rating

1. Chargeable Accidents

An accident shall be chargeable as of the date the Company has recorded payments totaling \$750 or more (for accidents occurring on or after April 1, 1999) under property damage liability coverage and collision coverage combined. In the event of a multiple vehicle accident, property damage liability payment must be present for a claim to be considered chargeable.

Note: Accidents occurring prior to April 1, 1999, are considered chargeable as of the date the Company has recorded payments totaling \$400 or more under property damage liability coverage or, in the event of a one car collision, under collision coverage.

2. Premium Surcharge

The surcharge applicable during a policy period is determined by totaling the separate charges for the individual accidents which became chargeable during the three year period ending two months prior to the current expiration date.

3. Accident Charges

The charge for a specific accident shall be:

- a. Category A if there were no other chargeable accidents during the three years preceding the date this accident became chargeable;
- b. Category B if there was only one other chargeable accident during this period and its charge was Category A;
- c. Category D in all other instances.

Except as set forth in the Miscellaneous Provisions section of this rule, the accident charge shall apply to the policy providing the coverage under which the claim payment has been made and each charge shall apply for a period of three years from the renewal date on which it was originally applied.

D. **Chargeable Accident Exceptions:** An accident shall not be considered at-fault, nor chargeable, if the Company is furnished sufficient evidence:

1. that the driver involved in the accident was less than 50% at fault,
2. that the accident was caused by contact with birds, animals, missiles, or falling objects; or
3. that the driver involved in the accident was:
 - a. lawfully parked; or,
 - b. reimbursed by, or on behalf of, a person responsible for the accident or has judgment against such person; or,
 - c. struck in the rear by another vehicle and has not been convicted of a moving traffic violation in connection with the accident; or,
 - d. hit by a "hit-and-run" driver if the accident is reported to the proper authorities within 24 hours; or,
 - e. not convicted of a moving traffic violation in connection with the accident, but the driver of the other automobile involved in the accident was convicted of a moving traffic violation; or,
 - f. operating a vehicle of a type not eligible for rating under this rule.
4. that the accident occurred as a result of the operation of a motor vehicle while in the pursuit of official duties as a law enforcement officer, fire fighter, driver of an emergency vehicle or ambulance, or driver of a vehicle of the Ohio Department of Transportation; unless the Company insured the motor vehicle at the time it was involved in the accident.

Note: The term "convicted" includes a plea of guilty or forfeiture of bond.

E. Miscellaneous Provisions

1. The premium surcharge shall be unaffected by changes requiring a policy transfer or by changes in the territory, use, or driver classification of the policy.
2. If the Company is furnished evidence during the three year period subsequent to the date the accident became chargeable, that the driver involved in the chargeable accident will no longer be a resident of the named insured's household, or will not be a driver of the automobile insured under the policy, then that accident will no longer be used in determining the current accident charge or accident-free discount on the policy. However, if the driver continues to be insured with the Company on another policy, the accident will be considered in the rating of that policy.
3. For initial rating under the New Business provisions of this rule, the premium adjustment for each automobile will be determined based on the accident record of the **assigned drivers** of that automobile. If a new driver is assigned after the policy has been initially written, that driver's prior record will be considered in the subsequent rating of the automobile.
4. If the driver involved in a chargeable accident is currently an **assigned driver** of an automobile insured in State Farm Fire and Casualty Company, that accident shall not be used in determining the current accident surcharge, but shall be reflected in that person's driving record for the purpose of determining the Driver Record Charges on the State Farm Fire and Casualty Company policy.
5. If a driver is involved in a chargeable accident while driving an automobile insured with State Farm Fire and Casualty Company, and is not an **assigned driver** of an automobile insured in State Farm Fire and Casualty Company, that accident will be considered in determining the current premium surcharge applicable to the automobile insured in State Farm Mutual Automobile Insurance Company to which that driver is assigned.
6. A driver previously insured in State Farm Fire and Casualty Company and now being insured in State Farm Mutual Automobile Insurance Company shall be considered as renewal business subject to the provisions of this rule, provided the effective date of the insurance coverage is within three years of the termination date in the State Farm Fire and Casualty Company.

F. Accident-Free Discount

A Category 3 adjustment shall apply to the base premiums for the bodily injury and property damage liability, medical payments, and collision coverages, applicable to a private passenger automobile if the policy has been in force with the State Farm Mutual Automobile Insurance Company for at least three years and there have been no chargeable accidents during the three year period ending two months prior to the current expiration date.

This discount increases to:

- Category 4 if the policy has been in force for six years,
- Category 5 if the policy has been in force for ten years,

and there have been no chargeable accidents during these time periods.

Category	Adjustment
Category 5	-25%
Category 4	-20%
Category 3	-15%

Note: The time in force provision shall include the time an insured was rated continuously at the 3-Star Discount rate level in State Farm Fire and Casualty Company immediately prior to transferring to State Farm Mutual Automobile Insurance Company.

This discount applies so long as the policy remains in force and there are no chargeable accidents. If there has been a chargeable accident and the policy has been in force for at least nine years and there have been no chargeable accidents during the nine years preceding the date the accident becomes chargeable, the discount will continue. Otherwise, the occurrence of a chargeable accident results in the loss of the discount; however, the normal charge for that accident will be:

- waived (Category 9) if the discount being received was Category 4 or Category 5,
- reduced to Category Z if the discount was Category 3,

so long as there are no other chargeable accidents during the three year experience period.

Category	Adjustment
Category 9	0%
Category Z	5%

A chargeable accident which occurs within nine years of one that was forgiven will be subject to the latter provisions.

G. Reinstatements

1. A reinstated policy shall be subject to the New Business provisions of this rule, except that the developed premium surcharge percentages shall be no lower than that which would have been applicable had the policy remained in force.
2. Any accident-free discount applicable at the time of expiration or cancellation will be applied, provided the reinstatement occurs within five years and there have been no accidents during this period which the Company determines to have been the fault of the owner or operator of the automobile being insured. This provision does not apply if the applicant has been insured in the State Farm Fire and Casualty Company during all or part of the intervening time.

H. Exception: The following vehicles are not eligible for the Accident Record Rating Plan (ARRP):

1. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
2. Trailers insured under Rule 402 - Trailers Designed for Use with Private Passenger Automobiles
3. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles

CUSTOMER RATING INDEX (CRI)

The base premiums for the bodily injury and property damage liability, medical payments, comprehensive, and collision coverages, applicable to a private passenger automobile as defined in Rule 201 - Private Passenger Automobile Defined or motorcycle as defined in Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles shall be adjusted by the CRI Factor in accordance with the following provisions:

A. New Business and Subsequent Rating

A CRI will be used to determine the CRI Factor at the inception of each policy term. That CRI will continue to be used in determination of the CRI Factor for the entire policy term.

B. Factors

The CRI Factor is determined by the following formula: $1.003^{(1600 - \text{CRI})}$. The CRI Factor shall be rounded to 3 decimal places and is subject to a minimum factor as outlined below:

Private Passenger Automobile

DEFENSIVE DRIVING COURSE DISCOUNT

The base premiums for bodily injury and property damage liability, medical payments, and collision coverages applicable to a private passenger automobile as defined in Rule 201 - Private Passenger Automobile Defined shall be reduced by:

Percentage
5%

provided the **principal driver**:

- A. is at least 60 years of **age**,
- B. has successfully completed a Motor Vehicle Accident Prevention Course which has been approved by the State Highway Patrol, and
- C. does not take the course as a condition of probation or suspension of sentence resulting from a moving traffic violation.

If the driver is a **principal driver** of two or more qualifying vehicles insured with the State Farm Mutual Automobile Insurance Company or the State Farm Fire and Casualty Company, the discount shall apply to all such vehicles.

The discount shall begin at the inception date or first renewal of the policy following the receipt of the certification of course completion.

The discount shall terminate on the first policy expiration date following the 36 months since the course completion date.

Exception: The following vehicles are not eligible for the Defensive Driving Course Discount:

- A. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
- B. Trailers insured under Rule 402 - Trailers Designed for Use with Private Passenger Automobiles
- C. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles
- D. Automobiles insured under Rule 406 - Antique and Classic Automobiles and Replicas
- E. Policies insured under Rule 502 - Use of Non-Owned Cars (Broad Form)
- F. Fleets insured under Rule 801 - Fleet Rating Plan (SFM Only)

DRIVE SAFE & SAVE™

The bodily injury and property damage liability, medical payments, comprehensive, and collision coverage premiums applicable to a private passenger automobile as defined in Rule 201 - Private Passenger Automobile Defined shall be reduced for risks who consent to participate in the Drive Safe & Save program.

The Drive Safe & Save premium adjustment is the combination of the following factors:

- Drive Safe & Save Calculated Annual Mileage Adjustment Factor (Section B)
- Drive Safe & Save Participation Adjustment Factor (Section A)
- Drive Safe & Save Index Adjustment Factor (Section C)

The Drive Safe & Save premium adjustment is subject to maximum and minimum factors as described in Section D.

A. PARTICIPATION ADJUSTMENT

The Drive Safe & Save Adjustment Factor shall be equal to the Participation Adjustment Factor for each applicable coverage until the Calculated Annual Mileage can be determined under Section B.

B. CALCULATED ANNUAL MILEAGE

This Drive Safe & Save Calculated Annual Mileage Adjustment shall be calculated in accordance with the following provisions:

Note: All Drive Safe & Save participants are eligible for the Calculated Annual Mileage Adjustment.

1. Determination of Calculated Annual Mileage

- a. If the number of days of available mileage readings or between available odometer readings is at least 100 days at the time the policy renewal bill is processed, the readings shall be annualized and rounded to the nearest 100 miles to determine the Calculated Annual Mileage.
- b. If the number of days of available mileage readings or between available odometer readings is less than 100 days at the time the policy renewal bill is processed, the Calculated Annual Mileage shall not be determined and the Participation Adjustment Factor shall apply for the entire policy term.

Note: If the policy renewal bill is being processed for the second policy term after enrolling in the Drive Safe & Save program and less than two odometer or mileage readings are available, the automobile shall be removed from the program for the upcoming policy term.

2. Calculated Annual Mileage Adjustment

- a. The Calculated Annual Mileage shall be used to determine the Calculated Annual Mileage Factor from the Rate Section for each applicable coverage.

- b. To determine the Calculated Annual Mileage Adjustment:
 - i. Add the Calculated Annual Mileage Factor from Section B.2.a to the applicable Base Driver Factor from the Rate Section.
 - ii. Divide that sum by the applicable Base Driver Factor from the Rate Section.
 - iii. The Calculated Annual Mileage Adjustment is the factor determined above and rounded to three decimal places.

Note: Use the Base Driver Factor for assigned non-occasional married males for the corresponding age as the applicable Base Driver Factor for the Calculated Annual Mileage Adjustment.

- c. If the Calculated Annual Mileage Adjustment can be determined, the Annual Mileage Factors from the Rate Section do not apply.

C. Drive Safe & Save Index (DSSI)

This DSSI Factor shall be calculated in accordance with the following provisions:

1. DSSI Eligibility

- a. Risks who consent to share driving characteristics of the drivers of the vehicle are eligible to receive the Drive Safe & Save Index Adjustment.
- b. In addition to the exceptions listed in Section G of this rule, automobiles insured under Rule 413 - Kit Cars and Replica Automobiles - Regular Use are not eligible for the Drive Safe & Save Index Adjustment.

2. Drive Safe & Save Index (DSSI) Factor

A DSSI will be used to determine the DSSI Factor at the inception of each policy term. That DSSI will continue to be used in determination of the DSSI Factor for the entire policy term.

- a. If the number of days between available driving readings is at least 100 days at the time the policy renewal bill is processed, the readings shall be used to derive the DSSI.

Note: Odometer or mileage reading availability may vary from driving reading availability.

The DSSI Factor is determined by the following formula: $(3000 - \text{DSSI}) / 500$.

- b. If the number of days of available mileage readings or between available odometer readings is less than 100 days at the time the policy renewal bill is processed, the DSSI shall not be determined and the Participation Adjustment Factor shall apply for the entire policy term.

D. Maximum and Minimum Premium Adjustment Factor

- 1. The Premium Adjustment Factor shall be no greater than the otherwise applicable Annual Mileage Factor times the factor shown in the table below:

Coverage	Maximum
BIPD	0.99
COLL	0.99
COMP	0.99
MPC	0.99

2. The Premium Adjustment Factor shall be no less than the factor shown in the table below:

Coverage	Minimum
BIPD	0.50
COLL	0.50
COMP	0.50
MPC	0.50

E. Miscellaneous Provisions

1. A State Farm Fire and Casualty Company policy when initially written shall begin with the Participation Adjustment Factor for purposes of determining the Drive Safe & Save Adjustment Factors. Any readings previously obtained by State Farm will not be available to the new policy. However, odometer readings prior to the effective date of the new policy may be available at the time a subsequent policy renewal bill is processed as outlined in the customer consent.
2. If the most recent odometer or mileage reading date is more than 360 days prior to the date the renewal bill is processed, the automobile shall be removed from the Drive Safe & Save program for the upcoming policy term.
3. If the risk fails to comply with provisions outlined in the customer consent, the automobile may be removed from the program. However, if the risk fails to maintain an active subscription as outlined in the customer consent, the automobile shall be removed from the program for the upcoming policy term.

F. Reinstatements

Policies reinstating after 39 days shall begin with the Participation Adjustment Factor for purposes of determining the Drive Safe & Save Adjustment Factors. Any readings previously obtained by State Farm will not be available to the reinstated policy. However, odometer readings prior to the effective date of the new policy may be available at the time a subsequent policy renewal bill is processed as outlined in the customer consent.

G. Exception: The following vehicles are not eligible for the Drive Safe & Save program:

1. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
2. Trailers insured under Rule 402 - Trailers Designed for Use with Private Passenger Automobiles
3. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles
4. Automobiles insured under Rule 406 - Antique and Classic Automobiles and Replicas

RULES

5. Policies insured under Rule 502 - Use of Non-Owned Cars (Broad Form)

GOOD DRIVING DISCOUNT (SFM Only)

A. Requirements

The base premiums for the bodily injury and property damage liability, medical payments, and collision coverages, applicable to a private passenger automobile as defined in Rule 201 - Private Passenger Automobile Defined are reduced by:

Percentage
10%

if the following requirements are met:

1. New Business Policies - Each of the drivers in the household has had no moving violations and no at-fault accidents during the past three years.
2. Newly Acquired Added Car Policies (All other added car policies must meet the requirements for new business policies in A.1 of this rule.)
 - a. At least one car in the household is receiving the Good Driving Discount or an Accident-Free Discount.
 - b. Each of the drivers in the household has had no at-fault accidents during the past three years.
 - c. There are no added drivers within 60 days before or after the application.

Note: If any of the above requirements are not met for a newly acquired added car, the requirements for new business policies in A.1 of this rule must be met.

B. Miscellaneous Provisions

1. The Good Driving Discount will continue to apply until the policy qualifies for the Accident-Free Discount, so long as the policy remains in force with no additional drivers and there are no chargeable accidents as defined in the Accident Record Rating rule. Additional drivers must also satisfy Requirement A.1 above in order for the Good Driving Discount to continue.
2. If the Company is furnished evidence that the driver who prevented a Good Driving Discount from initially being applied (because of Requirements A.1 or A.2.b above) is no longer a member of the named insured's household or will no longer be a driver of the car insured under the policy, then the discount may be added, if all of the requirements are met at the time the driver moves.
3. If a policy that has been in force for less than three years initially qualified for the Good Driving Discount, but the discount was subsequently removed due to a chargeable accident, the discount can be reapplied to the policy if the Company is furnished evidence that the driver involved in the chargeable accident will no longer be a resident of the named insured's household or will no longer be a driver of the car insured under the policy, provided there are no other chargeable accidents on the policy.

C. Definitions

1. At-Fault Accident - an at-fault accident is one that results in death or bodily injury or in damage to any property. An accident shall not be considered at-fault if the Company is furnished evidence that the driver involved in the accident was less than 50% at fault.
2. Moving Violations - include minor driving violations for speeding, stop sign and signal infractions, improper turns, failure to yield right of way, and similar offenses, as well as major driving violations as defined in Section E of the Standard Tier Automobile Rating Plan Rule.

D. Reinstatements

1. Policies which are reinstated within 39 days shall not be eligible for the Good Driving Discount unless the discount applied to the policy at the time of expiration or cancellation. In that case the discount will be applied, provided there have been no moving violations or at-fault accidents during this period.
2. Policies reinstated after 39 days shall be treated as New Business for purposes of the Good Driving Discount.

E. **Exception:** The following vehicles are not eligible for the Good Driving Discount:

1. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
2. Trailers insured under Rule 402 - Trailers Designed for Use with Private Passenger Automobiles
3. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles
4. Automobiles insured under Rule 406 - Antique and Classic Automobiles and Replicas
5. Policies insured under Rule 502 - Use of Non-Owned Cars (Broad Form)
6. Fleets insured under Rule 801 - Fleet Rating Plan (SFM Only)
7. Vehicles insured under Rule 901 - Recreational Vehicles (SFM Only)

GOOD STUDENT DISCOUNT

The bodily injury and property damage liability, medical payments, comprehensive, and collision coverage premiums applicable to a private passenger automobile as defined in Rule 201 - Private Passenger Automobile Defined shall be reduced if all **assigned drivers** under the **age** of 25 meet the qualifications described below. The discount factors are shown in the Rate Section.

A. Good Student Discount Categories: A driver is a good student if he or she satisfies one of the qualifications below:

1. The driver is enrolled as a full time student in high school or academic courses in a college or university and has achieved a Qualifying Scholastic Record as defined in Section B.1 or B.2 of this rule; or,
2. The driver has earned a Bachelor's Degree or equivalent with a Qualifying Scholastic Record as defined in Section B.3 of this rule; or,
3. The driver has earned an Associate's Degree or equivalent with a Qualifying Scholastic Record as defined in Section B.3 of this rule; or,
4. The driver has earned a Bachelor's Degree or equivalent but did not achieve a Qualifying Scholastic Record as defined in Section B.3 of this rule.

B. Qualifying Scholastic Record:

1. **Students Enrolled in Public or Private Schools:** The driver who is enrolled as a full time student in high school or academic courses in a college or university must submit scholastic records for the immediately preceding school semester, or comparable segment, or a statement certified by a responsible official of the school showing that the driver was a full time student and:
 - a. ranked scholastically among the upper 20% of their class; or,
 - b. in schools designating grades by letter (such as A, B, C, D and F), had a grade average of at least a B or its equivalent (If the system of grading by letter is not susceptible to averaging no grade shall be below "B" or its equivalent.); or,
 - c. in schools where numbers are used to designate grade "points" (such as 4, 3, 2 and 1), had at least a 3.0 average on a 4.0 scale or its equivalent for all subjects combined; or,
 - d. in schools that maintain a "Dean's List", "Honor Roll", or comparable listing for scholastic achievement, was included in such a list.

Note: This section does not apply to students in schools administered and controlled primarily by parents, guardian or other persons having custody of the children enrolled in such schools and where enrollment consists primarily of their own children, unless such schools have been accredited by one of the independent regional (provincial in Canada) accrediting associations. Students of these schools may qualify based on the requirements in Section B.2 below.

2. **Students Enrolled in Home Study:** The driver who is enrolled as a full time student in an academic home study program must submit evidence that the driver ranked in the upper 20% on one of the following national standardized tests, administered within the past twelve months:

- a. PSAT (Preliminary Scholastic Aptitude Test)
 - b. PLAN (Preliminary American College Test)
 - c. SAT-I (Scholastic Aptitude Test-I)
 - d. ACT (American College Test)
 - e. TAP (Tests of Achievement and Proficiency)
 - f. ITED (Iowa Tests for Educational Development)
 - g. California Achievement Test, including TerraNova
3. **College Graduates:** The driver who has earned a degree (Bachelor's, Associate's or equivalent) must submit a cumulative scholastic record meeting one of the following scholastic requirements:
- a. ranked scholastically among the upper 20% of their class; or,
 - b. in schools designating grades by letter (such as A, B, C, D and F), had a grade average of at least a B or its equivalent (If the system of grading by letter is not susceptible to averaging no grade shall be below "B" or its equivalent.); or,
 - c. in schools where numbers are used to designate grade "points" (such as 4, 3, 2 and 1), had at least a 3.0 average on a 4.0 scale or its equivalent for all subjects combined.

C. Miscellaneous Provisions:

- 1. The Company must be furnished evidence each 12 months indicating that each driver who qualified under Section A.1 of this rule continues to meet the qualifications described in Section B.1 or B.2.
- 2. Additional drivers who are later assigned to the automobile must meet the qualifying scholastic record requirements in Section B of this rule in order for the Good Student Discount to continue.
- 3. A driver who earned a degree and returns to school full time may qualify for Section A.1 by furnishing evidence to the Company that he or she has satisfied the requirements of Section B.1.
- 4. A driver who previously qualified as a Good Student under Section A.3 and subsequently earns a Bachelor's Degree but cannot satisfy the qualifying scholastic record requirements in Section B.3 for that degree shall continue to qualify as a good student under Section A.3 and not Section A.4.

D. The Good Student Discount terminates when the driver(s) reaches **age 25**.

E. **Exception:** The following vehicles are not eligible for the Good Student Discount:

- 1. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
- 2. Trailers insured under Rule 402 -Trailers Designed for Use with Private Passenger Automobiles
- 3. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles

RULES

4. Automobiles insured under Rule 406 - Antique and Classic Automobiles and Replicas
5. Policies insured under Rule 502 - Use of Non-Owned Cars (Broad Form)
6. Fleets insured under Rule 801 - Fleet Rating Plan (SFM Only)
7. Vehicles insured under Rule 901 - Recreational Vehicles (SFM Only)

INEXPERIENCED OPERATOR ADJUSTMENT

The base premium for bodily injury and property damage liability, medical payments, comprehensive, and collision coverages applicable to a private passenger automobile as defined in Rule 201 - Private Passenger Automobile Defined shall be adjusted if the **principal driver** meets the following qualifications:

- A. is at least 21 years of **age**; and,
- B. has not been licensed in the United States or Canada for at least 36 months; and,
- C. is an **assigned driver** of the automobile as defined in Rule 211 - Private Passenger Driver Definitions.

The adjustment from the table below shall be added to the otherwise applicable Driver Adjustment Factor:

Category	Adjustment
Principal driver licensed less than 12 months	0.30
Principal driver licensed at least 12 months but less than 24 months	0.20
Principal driver licensed at least 24 months but less than 36 months	0.10

The 36-month license period shall be exclusive of any period during which the individual operated a motor vehicle with a learner's permit or any other special license or permit which is preliminary to an operator's license and which imposes restrictions, limitations, or requirements greater than those included on the regular license issued to the operator.

Exception: The following vehicles are not eligible for the Inexperienced Operator Adjustment:

- A. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
- B. Trailers insured under Rule 402 - Trailers Designed for Use with Private Passenger Automobiles
- C. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles
- D. Automobiles insured under Rule 406 - Antique and Classic Automobiles and Replicas
- E. Policies insured under Rule 502 - Use of Non-Owned Cars (Broad Form)
- F. Fleets insured under Rule 801 - Fleet Rating Plan (SFM Only)
- G. Vehicles insured under Rule 901 - Recreational Vehicles (SFM Only)

LIABILITY RATING GROUP

A. Private Passenger Automobiles

1. 1998 and Newer Model Years

The bodily injury and property damage liability base premium applicable to a private passenger automobile as defined in Rule 201 - Private Passenger Automobile Defined shall be adjusted by the following premium adjustment factor if the automobile is identified in the Insurance Rating Group, Vehicle Safety Discount and Liability Rating Group Section with one of the following codes:

Liability Rating Group Code	Premium Adjustment Factor
01	0.800
02	0.850
03	0.900
04	0.950
05	1.000
06	1.050
07	1.100
08	1.150
09	1.200

2. 1997 and Older Model Years

Liability Rating Group Premium Adjustment Factors do not apply.

B. Motorcycles - For Liability Rating Group codes and factors applicable to Motorcycles as defined in Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles see the Rate Page.

Note: Private Passenger automobiles rated according to Rule 406 - Antique and Classic Automobiles and Replicas - Limited Use are eligible for the Liability Rating Group. For all other vehicles rated according to that rule, the Liability Rating Group premium adjustment factor will be 1.000.

Exception: The following vehicles are not eligible for the Liability Rating Group:

- A. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
- B. Vehicles insured under Rule 413 - Kit Cars and Replica Automobiles - Regular Use
- C. Policies insured under Rule 502 - Use of Non-Owned Cars (Broad Form)
- D. Vehicles insured under Rule 901 - Recreational Vehicles (SFM Only)

MULTIPLE AUTOMOBILES DISCOUNT

The bodily injury and property damage liability, medical payments, comprehensive, and collision coverage premiums applicable to a private passenger automobile as defined in Rule 201 - Private Passenger Automobile Defined are reduced when two or more private passenger automobiles, used principally by persons residing in the same household, are insured with State Farm Mutual Automobile Insurance Company or State Farm Fire and Casualty Company. The automobiles must be owned by one or more individuals in the household who are related by blood, marriage, or adoption. An automobile whose use, sale, or replacement is controlled by an individual shall be considered as owned by that individual.

These factors also apply if the automobiles are jointly owned by two unrelated residents and both are designated as named insureds on the policies insuring the cars they jointly own.

This discount also applies to an owned private passenger automobile if the insured has a motor home rated under the provisions of Rule 401 - Motor Homes, Truck or Van Campers, and meets the above requirements. The base rates already include this discount. To remove the discount, increase the Driver Adjustment Factor by the Single Automobile Factors in the Rate Section.

The discount factor for uninsured motor vehicle coverages is shown in the Rate Section.

Note: An automobile which is ordinarily not readily available for use by the insured or by other residents of the same household shall not qualify for the discount afforded by this section; neither shall such an automobile qualify another automobile for such discount.

Exception: The following vehicles are not eligible for the Multiple Automobiles Discount, nor are they counted, except for motor homes, in determining the applicability of the Multiple Automobiles Discount:

- A. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
- B. Trailers insured under Rule 402 - Trailers Designed for Use with Private Passenger Automobiles
- C. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles
- D. Automobiles insured under Rule 406 - Antique and Classic Automobiles and Replicas
- E. Policies insured under Rule 502 - Use of Non-Owned Cars (Broad Form)
- F. Fleets insured under Rule 801 - Fleet Rating Plan (SFM Only)
- G. Vehicles insured under Rule 901 - Recreational Vehicles (SFM Only)

MULTIPLE LINE DISCOUNT

The base premiums for bodily injury and property damage liability, medical payments, comprehensive, and collision coverages, applicable to a private passenger automobile as defined in Rule 201 - Private Passenger Automobile Defined shall be reduced by the percentage shown below if the person(s) who is the named insured on the automobile policy is also the named insured or owner of another policy as follows:

Qualifier	Percentage
An individual life insurance policy with a face value of less than \$125,000 (excluding all annuities, all tax qualified life insurance products, and paid-up life insurance with a face value of less than \$5,000)	5%
An individual life insurance policy with a face value of \$125,000 or greater (excluding all annuities and all tax qualified life insurance products)	5%
An individual health insurance policy (excluding Disability Income Payment Protection Plan, Individual Credit Disability Income, Short Term Hospital Surgical, and Medicare Part D Prescription Drug Plan)	5%
A manufactured home policy covering the named insured's principal residence	10%
A renter's policy covering the named insured's principal residence	10%
A manufactured home policy covering the named insured's principal residence plus a personal liability umbrella policy	15%
A renter's policy covering the named insured's principal residence plus a personal liability umbrella policy	15%
A condominium policy covering the named insured's principal residence	15%
A homeowner's policy covering the named insured's principal residence	15%
A farm/ranch policy covering the named insured's principal residence	15%
A homeowner's policy covering the named insured's principal residence plus a personal liability umbrella policy	20%
A farm/ranch policy covering the named insured's principal residence plus a personal liability umbrella policy	20%
A condominium policy covering the named insured's principal residence plus a personal liability umbrella policy	20%

Such additional policies must be written in one of the State Farm affiliated companies or by an insurer that has entered into a strategic alliance with a State Farm affiliated company. If the named insured qualifies for more than one of the discounts, only the largest discount applies.

Exception: The following vehicles are not eligible for the Multiple Line Discount:

- A. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)

PASSIVE RESTRAINT DISCOUNT

1993 and Prior Model Years and All Model Years of Motor Homes, Kit Cars, and Replicas

The medical payments base premium applicable to a private passenger automobile as defined in Rule 201 - Private Passenger Automobile Defined shall be reduced by the following percentage if the automobile is equipped with a factory-installed air bag or other passive restraint system which meets federal safety standards.

Category	Type of System	Percentage
1	Automatic Front Seat Belts	10%
2	Air Bag on Driver Side Only	20%
3	Air Bags on both Driver and Front Passenger Sides	30%
4	Air Bags and Automatic Seat Belts on both Driver and Front Passenger Sides	40%

Exception: The following vehicles are not eligible for the Passive Restraint Discount:

- A. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles
- B. Policies insured under Rule 502 - Use of Non-Owned Cars (Broad Form)
- C. Vehicles insured under Rule 901 - Recreational Vehicles (SFM Only)

STANDARD TIER AUTOMOBILE RATING (STAR) PLAN (SFF&C Only)

A. Driver Record Charges

The base premiums for the bodily injury and property damage liability, medical payments, and collision coverages, applicable to a private passenger automobile as defined in Rule 201 - Private Passenger Automobile Defined shall be adjusted for the individual driving records of the drivers assigned to the vehicle, in accordance with the following provisions. If there is more than one driver assigned to the vehicle, the Driver Record Charges for each driver are added together and applied to the base premiums.

The Driver Record Charges for each individual driver are based upon the Driver Record Level and the following table:

Driver Record Level	Driver Record Charge
1	0%
2	0%
3	0%
4	15%
5	50%
6	60%
7	70%
8	90%
9	110%
10 *	140%

*Plus 50% for each additional level above 10.

B. Driver Record Levels

1. **New Business Rating:** Each new driver's Driver Record Level is based upon their accidents and violations during the three-year period ending on the effective date of the initial policy period. If there were no chargeable accidents or violations during the three-year period, the Driver Record Level shall be Level 1. Otherwise, the Driver Record Level is increased by
 - a. 3 levels for each chargeable accident
 - b. 2 levels for each minor violation
 - c. 5 levels for each major violation.

2. **Subsequent Renewal Rating:** Each **assigned driver's** Driver Record Level is based upon the accidents and violations which became chargeable during the three-year experience period ending on the effective date of the policy period. If there were no chargeable accidents or violations during the three-year experience period, the Driver Record Level shall be Level 1.

The Driver Record Level adjustment for each chargeable accident will be:

- a. +3 levels during the first year after it was first considered, and
- b. +2 levels during the second year, and
- c. +1 level during the third year.

The Driver Record Level adjustment for each chargeable minor violation will be:

- a. +2 levels during the first year after it was first considered, and
- b. +1 level during the second year, and
- c. +0 levels during the third year.

The Driver Record Level adjustment for each chargeable major violation will be:

- a. +5 levels during the first year after it was first considered, and
- b. +4 levels during the second year, and
- c. +3 levels during the third year.

C. At-Fault and Chargeable Accidents

1. New Business Rating

- a. **At-Fault Accidents:** An accident shall be considered at-fault if it resulted in death or bodily injury or damage to any property.
- b. **Chargeable Accidents:** An at-fault accident shall be considered chargeable if it resulted in death or bodily injury or in damage to any property in the amount of \$750 or more.

2. Subsequent Rating

- a. **At-Fault Accidents:** An accident shall be considered at-fault as of the date the Company has recorded any payments under property damage liability or collision coverage. In the event of a multiple vehicle accident, property damage liability payment must be present for a claim to be considered at-fault.
- b. **Chargeable Accidents:** An at-fault accident shall be considered chargeable as of the date the Company has recorded payments totaling \$750 or more under property damage liability coverage and collision coverage combined.

3. Exceptions: An accident shall not be considered at-fault, nor chargeable, if the Company is furnished sufficient evidence:

- a. that the driver involved in the accident was less than 50% at fault; or

- b. that the accident was caused by contact with birds, animals, missiles, or falling objects; or
- c. that the driver involved in the accident was:
 - i. lawfully parked; or,
 - ii. reimbursed by, or on behalf of, a person responsible for the accident or has judgment against such person; or,
 - iii. struck in the rear by another vehicle and has not been convicted of a moving traffic violation in connection with the accident; or,
 - iv. hit by a "hit-and-run" driver if the accident is reported to the proper authorities within 24 hours; or,
 - v. not convicted of a moving traffic violation in connection with the accident, but the driver of the other automobile involved in the accident was convicted of a moving traffic violation; or,
 - vi. operating a vehicle of a type not eligible for rating under this rule.
- d. that the accident occurred as a result of the operation of a motor vehicle while in the pursuit of official duties as a law enforcement officer, fire fighter, driver of an emergency vehicle or ambulance, or driver of a vehicle of the Ohio Department of Transportation; unless the Company insured the motor vehicle at the time it was involved in the accident.

Note: The term "convicted" includes a plea of guilty or forfeiture of bond.

D. Minor Violations

Minor violations include traffic law offenses for speeding, stop sign and traffic signal infractions, improper turns, failure to yield right of way, and similar offenses.

A minor violation shall not be counted as a separate incident if it occurred in connection with a chargeable accident.

If any violation is subsequently dismissed, it will no longer be considered a chargeable violation.

E. Major Violations:

For purposes of this rule, major violations include:

1. Driving a motor vehicle under the influence of intoxicants or drugs, or having a driver's license suspended or revoked due to refusing to submit to a test for such substances.
2. Manslaughter (whether or not "voluntary"), reckless homicide or assault arising out of the use of a motor vehicle.

3. Reckless driving, or using a vehicle in the commission of a felony or any other crime punishable as a felony.
 4. Failure to stop and report or identify oneself when involved in a motor vehicle accident, or fleeing a law enforcement official.
 5. Operating a motor vehicle without a valid driver's license or during a period of revocation or suspension of a motor vehicle registration or operator's license.
 6. Operating a motor vehicle without the owner's authority.
 7. Racing or engaging in a highway speed contest.
 8. Lending a registration or operator's license to another person.
- F. **Base Rates:** Each vehicle is rated with the 3-Star Discount, the 2-Star Discount, or the 1-Star rates. The 1-Star rates are the base rates and are used if the vehicle does not qualify for the 3-Star Discount nor the 2-Star Discount.
1. **3-Star Discount:** In order for the insured vehicle to initially qualify for the 3-Star Discount, all other listed requirements for the 2-Star Discount must be satisfied, and the vehicle must also satisfy the following conditions:
 - a. All **assigned drivers** on the insured vehicle must have no accidents that became chargeable and no minor violations during the applicable three-year experience period and no major violations during the five-year period.
 - b. All **assigned drivers** on the insured vehicle must have no non-chargeable at-fault accidents during the applicable three-year experience period.
 - c. If the insured vehicle (or the vehicle it replaced) or any other vehicle in the household was previously rated with the 1-Star Rates, because it was driven without liability insurance in violation of any financial responsibility or compulsory insurance requirement, the insured vehicle will not qualify for the 3-Star Discount until that vehicle has not been driven without liability insurance for two years.
 - d. If the insured vehicle does not have at least one **assigned driver** who has been licensed in the United States or Canada for at least 36 months, there must be another vehicle in the household which is already rated with the 3-Star Discount. Furthermore, the other household vehicle must have at least one **assigned driver** who has been licensed in the United States or Canada for at least 36 months.

The 3-Star Discount will continue to apply, so long as there are no **assigned drivers** with any chargeable accidents or minor violations during the applicable three-year experience period or any major violations during the five-year period. If the 3-Star Discount is lost due to a chargeable accident or violation, in order to re-qualify the vehicle must again meet the requirements listed above.

2. **2-Star Discount:** The 2-Star Discount applies if the insured vehicle does not qualify for the 3-Star Discount and the insured vehicle (or the vehicle it replaced) has not been driven without liability insurance in violation of any financial responsibility or compulsory insurance requirement during the past 12 months.

For vehicles which did not qualify for the 2-Star Discount as new business because they were driven without liability insurance, the 1-Star Rates will apply for a period of one year from the effective date of coverage for that vehicle. After that, the 2-Star Discount will apply for at least one year.

3. **1-Star Rates:** The 1-Star Rate applies if the insured vehicle does not qualify for the 3-Star Discount nor the 2-Star Discount as new business.

G. Miscellaneous Provisions

1. For purposes of determining a Driver Record Charge, drivers are assigned to the car they most frequently operate in accordance with Rule 211 - Private Passenger Driver Definitions. Each driver is assigned to only one vehicle. Drivers may not be moved from one vehicle to another for the purposes of affecting the total premium.
2. If there are no **assigned drivers** on a vehicle, that vehicle shall be rated as if all of its drivers were at Driver Record Level 1. Refer to Rule 211 - Private Passenger Driver Definitions.

H. **Exception:** The following vehicles are not eligible for the Standard Tier Automobile Rating (STAR) Plan:

1. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
2. Trailers insured under Rule 402 - Trailers Designed for Use with Private Passenger Automobiles
3. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles
4. Automobiles insured under Rule 406 - Antique and Classic Automobiles and Replicas
5. Policies insured under Rule 502 - Use of Non-Owned Cars (Broad Form)

STEER CLEAR® SAFE DRIVER DISCOUNT

The bodily injury and property damage liability, medical payments, comprehensive, and collision coverage premiums applicable to a private passenger automobile as defined in Rule 201 - Private Passenger Automobile Defined are reduced for **assigned drivers** under age 25. The discount factors are shown in the Rate Section.

- A. **Initial Qualifications:** In order to initially qualify for this discount, all drivers under 25 years of age who are assigned to the automobile must:
 - 1. have no at-fault accidents or moving violations in the three year period prior to the time the discount is initially applied, and
 - 2. have completed the State Farm Steer Clear program.

- B. **Subsequent Qualifications:** The discount shall continue until all qualifying drivers reach 25 years of age so long as:
 - 1. all qualifying drivers continue to have no moving violations and no at-fault accidents subject to the exceptions listed in Section D of the Accident Record Rating rule; and
 - 2. additional drivers who are later assigned to the automobile meet the initial qualifications; and
 - 3. drivers who initially qualify prior to age 20 complete the second education program before age 21.

- C. **Miscellaneous Provisions:**
 - 1. If the policy qualified for the Steer Clear Discount prior to its first renewal on or after November 05, 2012 and a married female driver is assigned to that policy as of that renewal, she is exempt from the initial qualifications in Section A above. However:
 - a. In addition to the subsequent qualifications in Section B above, the discount shall no longer apply if the married female driver has an at-fault accident or moving violation after that renewal; or,
 - b. The married female driver shall no longer be exempt from the initial qualifications in Section A above if all other qualifying drivers are reassigned to other policies such that there are no drivers assigned to the policy who met the initial qualifications.
 - c. If the married female driver is reassigned to another policy, she will need to meet the initial qualifications in order for that policy to receive the Steer Clear Discount.
 - 2. An at-fault accident is one that results in damage to any property. In the State Farm Fire and Casualty Company, an at-fault accident involving death or bodily injury subject to the New Business Rating provision of the Standard Tier Automobile Rating rule shall also prevent a driver from qualifying for this discount. An accident shall not be considered at-fault if the Company is furnished sufficient evidence that the driver involved in the accident was less than 50% at fault.
 - 3. For new business to qualify, acceptable verification of prior accident-free history will be required.

- D. **Exception:** The following vehicles are not eligible for the Steer Clear Safe Driver Discount:

RULES

1. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
2. Trailers insured under Rule 402 - Trailers Designed for Use with Private Passenger Automobiles
3. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles
4. Automobiles insured under Rule 406 - Antique and Classic Automobiles and Replicas
5. Policies insured under Rule 502 - Use of Non-Owned Cars (Broad Form)
6. Fleets insured under Rule 801 - Fleet Rating Plan (SFM Only)
7. Vehicles insured under Rule 901 - Recreational Vehicles (SFM Only)

STUDENT AWAY AT SCHOOL DISCOUNT

The bodily injury and property damage liability, medical payments, comprehensive, and collision coverage premiums applicable to a private passenger automobile as defined in Rule 201 - Private Passenger Automobile Defined are reduced if each of the **assigned drivers**, who is under the **age** of 25, meets the qualifications described below:

- A. is a student who resides at school more than 100 miles from home; and,
- B. only drives the automobile while home during the school vacation or holiday periods; and,
- C. the automobile remains at home while the student is away at school.

The discount factors are shown in the Rate Section.

The discount applies to the full term of the policy and shall not be removed when the student returns home on a temporary basis, such as the holidays and summer break.

The discount terminates when the driver has completed his or her schooling, does not intend to return to school or reaches 25 years of **age**.

Exception: The following vehicles are not eligible for the Student Away at School Discount:

- A. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
- B. Trailers insured under Rule 402 - Trailers Designed for Use with Private Passenger Automobiles
- C. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles
- D. Automobiles insured under Rule 406 - Antique and Classic Automobiles and Replicas
- E. Policies insured under Rule 502 - Use of Non-Owned Cars (Broad Form)
- F. Fleets insured under Rule 801 - Fleet Rating Plan (SFM Only)
- G. Vehicles insured under Rule 901 - Recreational Vehicles (SFM Only)

VEHICLE SAFETY DISCOUNT

1994 and Newer Model Years Except Motor Homes, Kit Cars, and Replicas

Vehicle Safety Discount Code	Vehicle Safety Discount
A	40%
B	30%
C	20%
D	10%
E	0%

Exception: The following vehicles are not eligible for the Vehicle Safety Discount:

- A. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
- B. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles
- C. Vehicles insured under Rule 413 - Kit Cars and Replica Automobiles - Regular Use
- D. Policies insured under Rule 502 - Use of Non-Owned Cars (Broad Form)
- E. Vehicles insured under Rule 901 - Recreational Vehicles (SFM Only)

100 GENERAL RULES

101. COVERAGES

The coverages to which the rates and rules of this manual apply are as described in the insuring agreements of the automobile policy form of the company underwriting the coverage and are subject to the policy exclusions and conditions and to any endorsements which may be attached to such policy.

102. POLICY TERM

Unless otherwise indicated, manual premiums are for a six months policy term. (See Rule 105 - Changes)

A policy term greater than that represented by the manual premium may not be written except under the following conditions when a policy term up to twice as long may be written:

- A. when the insured is subject to a statutory or contractual requirement that coverage be written for a longer policy term, or
- B. when the Company operating procedures authorize writing a longer policy term.

When a policy subject to one of the above conditions is written, the premiums applicable to each period or portion thereof comprising the extended policy term are determined from manual rules, classifications, and premiums in effect at the inception of the policy with each period independently classified and rated on the basis of factual information available at the beginning of the period, except that any surcharge developed under Rate Section Rules - Accident Record Rating or Standard Tier Automobile Rating Plan shall apply for the entire period of the policy.

If the insurance under an extended term policy is transferred to another policy, the new policy is subject to the manual rules, classifications, and premiums in effect at the time of transfer.

Post Dated Coverages: Provided at least one coverage of insurance is effective at the inception of the term shown in the policy period, a policy may be written to provide for a subsequent effective date for specified coverages.

The pro rata premium for the period of coverage is charged for post dated coverages.

104. RENEWAL OF POLICY

Note: See Rule 801 - Fleet Rating Plan for special provisions applicable to fleets.

A policy may be renewed for a succeeding policy term. The renewal premium is due on or before the expiration of the current policy term.

Exception: Payment of the renewal premium may be satisfied by paying 50% of such premium plus a service charge of \$2.00 within the above allotted time and paying the remaining 50% of the renewal premium within sixty days after the renewal due date.

105. CHANGES

Changes that affect the coverage provided by the policy, or the territory, use, description or rating classification of the risk, may require transfer of the insurance to a new policy or endorsement of the present policy.

If a different premium is required by the Company for the remainder of the current policy term, any additional premium or premium credit shall be computed pro rata.

106. SUSPENSION OF COVERAGE

Note: See Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles and Rule 901 - Recreational Vehicles for special provisions applicable to such vehicles.

Suspension of Coverage

Coverage afforded under a policy insuring a motor vehicle may be suspended during the time the vehicle is withdrawn from service. The coverages suspended afford no protection under the policy during the period of suspension. The following rules govern suspensions:

- A. Any coverage may be suspended unless it is required by statute to remain in force.
- B. Coverage will be reinstated on the date designated by the insured. In the absence of such designation, coverages suspended for the winter season will be automatically reinstated the succeeding April 1.
- C. Premium credits on suspended coverages will be computed pro rata for the period of suspension and
 - 1. will be applied against the next renewal premium if other policy coverages remain in force, or
 - 2. will be retained by the Company pending reinstatement of such coverages if no policy coverages remain in force. After six months, if the coverages have not been reinstated or a definite reinstatement date has not been established, the policy will be cancelled and the premium credits refunded.
- D. Policies covering vehicles rated in accordance with the following rules may not be suspended unless the vehicle has been stolen, destroyed, or sold:
 - 1. Section A of Rule 401 - Motor Homes, Truck or Van Campers - Recreational Use
 - 2. Rule 406 - Antique and Classic Automobiles and Replicas - Limited Use
 - 3. Limited Use Farm Trucks in Rule 116 - Farm Vehicle Limited Usage

107. CANCELLATIONS

Note: If other rules in this manual contain cancellation provisions which are not compatible with this rule, this rule applies only to the extent that it does not conflict with such other rules.

The policy may be cancelled either by the Company or at the request of the insured in accordance with the cancellation provisions of the policy.

Cancellation, whether by the Company or the policyholder, shall not affect any valid claim originating prior to the effective date of cancellation.

The following pro rata table is used to determine the portion of premium to be charged or retained. The computation assumes each month has 30 days, except when the cancellation is within 30 days of the beginning (or end) of the policy period in which case the exact number of days in force (or remaining in the term) are used.

108. REINSTATEMENTS

A policy which has expired or been terminated by cancellation may be reinstated by payment of the necessary premium and completion of any required forms if the risk is acceptable to the Company.

110. FINANCIAL RESPONSIBILITY CERTIFICATION

The bodily injury and property damage liability premium for a risk on which a certificate of insurance is filed to comply with the requirements of an automobile financial responsibility law shall be surcharged in accordance with the following schedule:

Cause of Certificate Requirement	Surcharge
Conviction for driving a motor vehicle while intoxicated, or failing to stop and report when involved in an accident, or homicide or assault arising out of the operation of a motor vehicle	50%
Conviction for driving a motor vehicle at an excessive rate of speed or in a reckless manner, where an injury to person or damage to property actually results therefrom	25%
All Other Causes	10%

OWNERS

The surcharge shall apply to the bodily injury and property damage liability premium for the highest rated car owned by the insured and insured in one of the State Farm affiliated companies.

NON-OWNERS

Named Non-Owner Policy - The surcharge for a policy written in accordance with this rule shall apply to the required bodily injury and property damage liability premium.

If an individual is required to file evidence of financial responsibility for owned automobiles and also for the operation of automobiles which are not owned, the surcharge shall apply only to the premium for the owned automobiles.

111. MANUFACTURER'S SUGGESTED RETAIL PRICE (MSRP)

Where used in this manual, the term "MSRP" refers to the Manufacturer's Suggested Retail Price, exclusive of transportation charges and state or local taxes.

112. AGE GROUP SYMBOLS

Age Groups change as of the first renewal on or after January 1st. An automobile purchased in the calendar year prior to the model year will remain in Age Group 1 for the balance of that year plus one full calendar year. If the model year cannot be readily determined, the year in which the vehicle was purchased new shall be considered the model year.

Age Group 1 represents vehicles of the current model year, Age Group 2 represents vehicles of the first preceding model year, Age Group 3 represents vehicles of the second preceding model year, etc. In addition, where X represents the oldest age group for which rates are available, Age Group X also represents vehicles of the Xth preceding and older model years.

116. FARM VEHICLE LIMITED USAGE

For commercial farm use vehicles, as defined in Rule 311 - Commercial Automobile Defined, apply a factor of

Factor
0.50

to the premiums for bodily injury and property damage liability, medical payments, and collision coverages when the estimated average annual mileage is 2,000 miles or less.

Exception: Trailers and semi-trailers, as defined in Rule 319 - Trailers and Semi-Trailers, are not eligible for Farm Vehicle Limited Usage.

200 PRIVATE PASSENGER AUTOMOBILE RULES

201. PRIVATE PASSENGER AUTOMOBILE DEFINED

For classification and rating purposes, a private passenger automobile is defined as:

- A. an automobile of the private passenger type, including a station wagon; or
- B. a utility vehicle (i.e. pickup, van, or sport wagon/sport utility vehicle); or
- C. a motor home principally used as a private passenger automobile; and

used for personal pleasure, family and **business use**.

Exceptions: The following are not included in this definition:

- A. an automobile used for renting or livery work or for carrying passengers for a consideration unless so provided by other rules in this manual; or
- B. an automobile used for driver training; or
- C. an automobile used by a funeral director if use is restricted to funeral purposes; or
- D. an automobile that is insured for the owner's interest and leased or rented out for full-time use by a United States government agency for use in the performance of governmental functions; or
- E. a motorcycle, motorscooter, snowmobile, or other off-road vehicle; or
- F. utility vehicle:
 - 1. with a Gross Vehicle Weight (GVW) of more than 10,000 lbs. (or if GVW is not available, a load capacity of more than one ton) that is used in a business other than farming; or
 - 2. that is used for the delivery or transporting of goods and materials, or has been structurally altered for business purposes, unless such use or alteration is incidental to the insured's occupation in the installation, maintenance or repair of furnishings or equipment; or
 - 3. that is used for wholesale or retail delivery.

Note: Trucks that are specifically designed and primarily used to tow recreational trailers, but not meeting the above definition of a private passenger automobile, shall be classified and rated as private passenger provided the vehicle is not used for commercial or business purposes.

206. CLASSIFICATION OF UTILITY VEHICLES

Note: This rule may apply to risks written prior to November 05, 2012.

A utility vehicle as described in Rule 201 - Private Passenger Automobile Defined shall be classified and rated as follows:

- A. If the vehicle is used for business and in a manner essential to the performance of the insured's occupation - Code and classify in accordance with the following:
 - 1. No unmarried male operator under 25 years of age - Code 1L
 - 2. Unmarried male operator under 25 years of age - Code 8L
- B. If the vehicle is principally garaged on a farm and used mostly by the insured in the operation or maintenance of farm premises - Code and classify in accordance with the following:
 - 1. No unmarried male operator under 25 years of age - Code 1M
 - 2. Unmarried male operator under 25 years of age - Code 8M

Note: For utility vehicles that were classified as 1M, and qualified for the following premium reduction prior to November 05, 2012, the premium for bodily injury and property damage liability, medical payments, and collision coverages shall be reduced by

Percentage
50%

when the estimated average total annual mileage is 2,000 miles or less. The premium reduction will continue for as long as the vehicle continues to meet the annual mileage qualifications as well as the qualification for the 1M classification. When the premium has been reduced, the policy may not be suspended unless the vehicle has been stolen, destroyed, or sold.

- C. If the vehicle is used for other purposes, code and classify as a private passenger vehicle in accordance with Rule 213 - Private Passenger Automobile Use.

Note: For model years 1980 and prior pickups insured under Part C, the applicable Insurance Rating Group for Comprehensive coverage (DRG) and Insurance Rating Group for Collision coverage (GRG) shall be two less than those otherwise applicable.

D. Notes:

- 1. Utility Vehicles not included in the definition of a private passenger automobile under Rule 201 - Private Passenger Automobile Defined are subject to classification and rating under the Commercial Automobile Rules.
- 2. Merely driving to and from work is not considered as "essential to the performance of the insured's occupation." If a private passenger type automobile could be used as readily as a utility vehicle, Part C of this rule applies. For example, a pickup or van used by a salesperson not involved primarily with delivery

is subject to Part C.

207. AUTOMOBILES 1970 AND PRIOR MODEL YEARS

The following rating procedures apply when insuring 1970 and prior model year private passenger automobiles as defined in Rule 201 - Private Passenger Automobile Defined. Private passenger premium determination procedures for the appropriate classifications are applicable to all coverages. For the rating of physical damage coverages, determine the base premiums for the applicable model year using the Insurance Rating Group for Comprehensive coverage (DRG) and Insurance Rating Group for Collision coverage (GRG) specified below.

Note: The current value is the value of vehicle at time of initial rating or latest subsequent renewal of coverage under this rule.

A. 1970 and Prior Model Year Avanti, Corvette, Lotus and TVR Models

Current Value	DRG/GRG	Current Value	DRG/GRG
\$0 - \$2,200	4	\$14,001 - \$15,000	19

13,001 - 14,000	18	41,001 - 44,000	31
For vehicles with a current value in excess of \$44,000, refer to Company.			

B. 1970 and Prior Model Year Kit Cars and Replicas - Regular Use

Rate in accordance with Rule 413 - Kit Cars and Replica Automobiles - Regular Use.

Note: Rate limited use Antique, Classic, and Replica automobiles in accordance with Rule 406 - Antique and Classic Automobiles and Replicas - Limited Use.

C. All Other 1970 and Prior Year Models

Current Value	DRG/GRG	Current Value	DRG/GRG
\$0 - \$2,200	1	\$16,001 - \$18,000	14

14,001 - 16,000	13	Above \$50,000 increase DRG and GRG 25 by one for each additional \$5,000 (or fraction) of value.	

208. CUSTOMIZED PANEL AND VAN TYPE VEHICLES

Customized sport vans and utility vans which are classified as private passenger automobiles as defined in Rule 201 - Private Passenger Automobile Defined shall be rated for physical damage coverages by increasing the otherwise applicable Insurance Rating Group for Comprehensive coverage (DRG) and Insurance Rating Group for Collision coverage (GRG) number by one for each \$2,000 of customization or fraction thereof, in excess of \$1,000.

Note: 1970 and prior model year customized panel and van type vehicles shall be rated under Rule 207 - Automobiles 1970 and Prior Model Years.

For purposes of this rule, customization refers to interior or exterior alteration designed to personalize or better facilitate use of the vehicle for non-business purposes and specifically includes elaborate interior furnishings and exterior paint, glass and body modifications. Customization, however, does not include equipment commonly installed on these vehicles such as heater, air conditioning, tires, customary music options, power steering and power brakes, nor modifications designed to increase the usefulness of the vehicle for business purposes.

209. MODEL YEAR RATING

The following procedure applies to determine the model year factors for private passenger automobiles as defined in Rule 201 - Private Passenger Automobile Defined for the coverages shown in the table below:

If the model year of the vehicle is shown in the Private Passenger Model Year Factors Table, the Model Year Factor for each applicable coverage is that shown in the table.

For newer model years:

- A. Calculate the difference between the model year of the vehicle and the most recent printed model year in the Private Passenger Model Year Factors Table. This is the Model Year Difference.
- B. For each applicable coverage, use the percentage shown in the table below and the most recent model year factor from the Private Passenger Model Year Factors Table (Model Year) in the following formula:

$$\text{Model Year Factor} \times (1 + \text{Percentage})^{(\text{Model Year Difference})}$$

Round to the nearest hundredth.

Coverage	Percentage
BIPD	0%
COLL	5%
COMP	3%
MPC	0%

Note: The model year of the vehicle is the year assigned to the vehicle by the automobile manufacturer. For structurally altered or rebuilt vehicles, the model year of the chassis will determine the model year of the vehicle.

211. PRIVATE PASSENGER DRIVER DEFINITIONS

- A. **Assigned Driver:** A driver is an **assigned driver** on the private passenger automobile in the household he or she most frequently drives. An automobile may have multiple **assigned drivers**, but an individual will only be assigned to one automobile.

Exceptions:

1. A student who resides away from home during both the school year and summer vacation but who drives the automobile when home on short infrequent visits shall not be an **assigned driver** of the automobile.
2. An individual in military service shall not be considered an **assigned driver** of the automobile if located far enough from home so that he or she is only "at home" for short leaves. This only applies if the automobile remains at home while the individual is away.
3. Drivers shall not be assigned to vehicles insured under the following rules:
 - a. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
 - b. Trailers insured under Rule 402 - Trailers Designed for Use with Private Passenger Automobiles
 - c. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles
 - d. Automobiles insured under Rule 406 - Antique and Classic Automobiles and Replicas
 - e. Policies insured under Rule 502 - Use of Non-Owned Cars (Broad Form)
 - f. Fleets insured under Rule 801 - Fleet Rating Plan (SFM Only)
 - g. Vehicles insured under Rule 901 - Recreational Vehicles (SFM Only)

- B. **Occasional Driver:** A driver under the **age** of 25 is considered an **occasional driver** when he or she is assigned to the automobile and is not the **principal driver** of that car.

Note: If the **principal driver** is at least 25 years of **age** and only one **occasional driver** is assigned to the automobile, the Occasional Driver Adjustment will apply. If more than one driver under the **age** of 25 is assigned, the Occasional Driver Adjustment does not apply.

- C. **Principal Driver:** The **principal driver** is the individual who most frequently drives the private passenger automobile. Only one **principal driver** shall be designated for each automobile.

212. AGE, GENDER and MARITAL STATUS

A. The procedures below apply to determine each driver's **age** and **marital status** for use in calculating premiums applicable to private passenger automobiles as defined in Rule 201 - Private Passenger Automobile Defined.

1. Age

- a. To rate the policy for the upcoming term, use the driver's **age** as of the effective date of the policy.
- b. For newly added drivers, use the driver's **age** as of the effective date the driver was added to the policy. The pro rata premium will be recalculated for the remainder of the policy term using this **age**.
- c. If the driver's **age** at the beginning of the policy term is greater than or equal to 25, that driver will be considered that **age** for the entire policy term.
- d. If the driver's **age** at the beginning of the policy term is less than 25, the **age** will be recalculated on the driver's birthday. The pro rata premium will be recalculated for the remainder of the policy term using this **age**.

2. Marital Status

An individual is considered married if living together with his or her spouse or if a widow or widower. Single persons shall be classified as married if they have custody of a minor child residing in their household. A married couple temporarily living apart for reasons of health, occupation, military service or similar circumstance shall be considered as living together.

B. The **age**, gender and **marital status** used in the rating of the automobile shall be determined as follows:

- 1. If there are no **assigned drivers** under the age of 25, the **age**, gender and **marital status** shall be that of the **principal driver**.
- 2. If there is at least one **assigned driver** under the age of 25, then the **age**, gender and **marital status** used to rate the policy will be that of the **assigned driver** under the age of 25 which produces the highest factor as determined below. Use the bodily injury and property damage liability coverage factors.

Sequence	Operation
01. Base Driver	
02. Usage	*
03. Annual Mileage	*
04. Drive Safe & Save Participation Adjustment	*
05. Drive Safe & Save Index	*
06. Good Student Discount	*
07. Steer Clear Discount	*

C. **Exception:** The following vehicles are not eligible for Rule 212 - Age, Gender, and Marital Status:

1. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
2. Trailers insured under Rule 402 - Trailers Designed for Use with Private Passenger Automobiles
3. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles
4. Automobiles insured under Rule 406 - Antique and Classic Automobiles and Replicas
5. Policies insured under Rule 502 - Use of Non-Owned Cars (Broad Form)
6. Business Use automobiles insured on Fleets under Rule 801 - Fleet Rating Plan (SFM Only)
7. Vehicles insured under Rule 901 - Recreational Vehicles (SFM Only)

213. PRIVATE PASSENGER AUTOMOBILE USE

Private passenger automobiles as defined in Rule 201 - Private Passenger Automobile Defined shall be classified into one of the following vehicle uses:

A. Business Use

An automobile is considered **business use** if 50% or more of the time or mileage use of the automobile is involved in the duties of the **principal driver's** or any other **assigned driver's** occupation, profession or business, other than in going to and from the principal place of occupation, profession or business.

Exceptions:

1. Vehicles owned or used by clergy in the performance of duties associated with their occupation shall not be considered as used for business. Refer to Rule 409 - Church Busses.
2. If an automobile is used in the performance of the insured's duties as a federal government employee, refer to Rule 708 - Federal Government Employee - Use of Private Passenger Automobile.
3. An automobile qualifying for **farm automobile** rates shall not be considered as used for business.

B. Farm Automobile

An automobile is considered to be a **farm automobile** if it is:

1. Principally garaged on a farm or ranch, and
2. Not ordinarily used
 - a. In driving to and from school, or
 - b. In driving to and from work other than farming or ranching; and,
3. Not used in any occupation other than farming or ranching.

Note: An automobile owned by a farm or ranch employee, other than an employee in a supervisory position, and used primarily for pleasure shall not be considered a **farm automobile**.

C. Work, School or Pleasure Use

An automobile is considered to be used for **Work, School or Pleasure** if it is used for any combination of the following (including its use in a car pool or other ride sharing agreement):

1. Personal pleasure,
2. Driving to and from work,
3. Driving to and from school, and

4. Driving part way to and from work or school.

D. **Exception:** The following vehicles are not eligible for Rule 213 - Private Passenger Automobile Use:

1. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
2. Trailers insured under Rule 402 - Trailers Designed for Use with Private Passenger Automobiles
3. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles
4. Automobiles insured under Rule 406 - Antique and Classic Automobiles and Replicas
5. Policies insured under Rule 502 - Use of Non-Owned Cars (Broad Form)
6. Vehicles insured under Rule 901 - Recreational Vehicles (SFM Only)

214. ESTIMATED AVERAGE TOTAL ANNUAL MILEAGE

The exact mileage an automobile will be driven in any year cannot be forecast precisely. The miles an automobile will be driven will vary from year to year. Odometer readings, factual information secured from the applicant or the insured, and knowledge possessed by the agent or the Company should be considered to arrive at the **Estimated Average Total Annual Mileage** to be driven in the ensuing year.

Notes:

- A. The Company may request information from the insured periodically to confirm eligibility for short annual mileage classifications (estimated average total annual mileage of 7,500 miles or less if not used for business and 12,000 miles or less if used for business). If such information is not provided, the policy shall no longer be eligible for such classifications.
- B. For automobiles on the Drive Safe & Save program, the estimated average total annual mileage for the upcoming policy term shall be the Calculated Annual Mileage determined in accordance with the procedures set forth in the Drive Safe & Save rule rather than the estimate arrived at above.

Private passenger automobiles as defined in Rule 201 - Private Passenger Automobile Defined shall be classified as **Short Annual Mileage** or **Long Annual Mileage** in accordance with the table below. With respect to business use automobiles, the **Estimated Average Total Annual Mileage** shall be the sum of **business use** and pleasure mileage.

Private Passenger Automobile Use	Estimated Average Total Annual Mileage Classification	
	Short	Long
Work, School or Pleasure Use	7,500 miles or less	More than 7,500 miles
Farm Automobile	7,500 miles or less	More than 7,500 miles
Used for Business	12,000 miles or less	More than 12,000 miles

Exception: The following vehicles are not eligible for Rule 214 - Estimated Average Total Annual Mileage:

- A. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
- B. Trailers insured under Rule 402 - Trailers Designed for Use with Private Passenger Automobiles
- C. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles
- D. Automobiles insured under Rule 406 - Antique and Classic Automobiles and Replicas
- E. Policies insured under Rule 502 - Use of Non-Owned Cars (Broad Form)
- F. Vehicles insured under Rule 901 - Recreational Vehicles (SFM Only)

300 COMMERCIAL AUTOMOBILE RULES

311. COMMERCIAL AUTOMOBILE DEFINED

For classification and rating purposes a commercial automobile is generally defined as a motor vehicle of the truck type. Other vehicle types may be considered a commercial automobile if defined and classified elsewhere under Rules 312 - Body Type Categories and 314 - Commercial Automobile Vehicle Use.

Exception: A vehicle as defined in Rule 201 - Private Passenger Automobile Defined is not included in this definition.

312. BODY TYPE CATEGORIES

Commercial vehicles are categorized according to the vehicle body type as follows:

- A. Vehicles of the private passenger or utility types which have been excluded from classification as a private passenger automobile according to Rule 201 - Private Passenger Automobile Defined shall be rated according to one of the following body types:
 - 1. **Automobile convertible** (07)
 - 2. **Automobile coupe** (02)
 - 3. **Automobile sedan** (03)
 - 4. **Hearse** (09)

 - 10. **Station wagon** (06)

- B. Vehicles of the truck or van type shall be rated according to one of the following categories below. For vehicles that contain specialized equipment, see Section C. below.
 - 1. **Box/straight truck** (12)
 - 2. **Cargo/delivery van** (13) - A vehicle of the van type with the space behind the front seats empty to be used for transporting goods or materials but not passengers. Such vehicles equipped with removable rear seats for carrying passengers shall be categorized and rated as Sport/Passenger Vans.
 - 3. **Flat bed truck** (15)
 - 4. **Refrigerated truck** (18)

Note: Vehicles equipped with windows for selling or distributing product directly from the cargo area shall be rated as Vending/concession trucks below.
 - 5. **Stake/grain truck** (16)
 - 6. **Step van** (14)
 - 7. **Utility truck** (11) - A vehicle of the truck type, not subject to classification as a private passenger automobile under Rule 201 - Private Passenger Automobile Defined, equipped with permanently installed

compartments on the sides of the bed generally used for carrying tools and materials.

- 8. **Vending/concession truck (19)** - A vehicle of the truck type equipped with a bed designed for use as a concession stand.
- 9. **Not otherwise categorized (20)** - A vehicle of the truck type not meeting the definition of one of the above categories and not meeting the definition of any of the vehicle body types in Section C. below.

C. Vehicles, generally of the truck type, that contain specialized equipment designed for a specific purpose shall be rated according to the following categories:

- 1. **Ambulance (35)**

Note: Such body types are ineligible if used for emergency ambulance services.

- 2. **Armored vehicle (21)**

- 3. **Boom/bucket truck (22)**

- 4. **Bus** - Vehicles of the bus type are categorized and rated according to the seating capacity of the bus:

Seating Capacity	Body Type Category

 - c. Sales Calls (7A)
 - d. Not Otherwise Classified (7E)
2. Non-Business - Vehicles operated primarily for personal purposes (truck type vehicles only)
 - a. Commute To/From Work or School (7H)
 - b. Property/Land Maintenance (7F)
 - c. Recreational Use (7G)
 - d. Not Otherwise Classified (7J)

315. RADIUS OF OPERATION

The Radius of Operation for a commercial vehicle is defined as the one-way distance from the garaging address of the vehicle to the farthest regular destination. A regular destination is one frequented at least four times per year.

316. COMMERCIAL MODEL YEAR RATING

The following procedure applies to determine the model year factors for commercial vehicles for the coverages shown in the table below:

If the model year of the vehicle is shown in the Commercial Model Year Factors Table, the Model Year Factor for each applicable coverage is that shown in the table.

For newer model years:

- A. Calculate the difference between the model year of the vehicle and the most recent printed model year in the Commercial Model Year Factors Table. This is the Model Year Difference.
- B. For each applicable coverage, use the percentage shown in the table below and the most recent model year factor from the Commercial Model Year Factors Table (Model Year) in the following formula:

$$\text{Model Year Factor} \times (1 + \text{Percentage})^{(\text{Model Year Difference})}$$

Round to the nearest hundredth.

Coverage	Percentage
BIPD	0%
COLL	5%
COMP	3%
MPC	0%

Note: The model year of the vehicle is the year assigned to the vehicle by the automobile manufacturer. For structurally altered or rebuilt vehicles, the model year of the chassis will determine the model year of the vehicle.

317. VEHICLE WEIGHT

The weight of the vehicle shall be the gross vehicle weight (GVW) of the vehicle as specified by the manufacturer.

Exception: The vehicle weight rating factor does not apply to the following vehicle body types, as defined in Rule 312 - Body Type Categories:

- A. **Automobile convertible** (07)
- B. **Automobile coupe** (02)
- C. **Automobile sedan** (03)
- D. **Hearse** (09)
- E. **Limousine** (10)
- F. **Mini van** (04)
- G. **Sport wagon** (05)
- H. **Sport/passenger van** (08)
- I. **Station wagon** (06)

318. COMMERCIAL INSURANCE RATING GROUP DETERMINATION

The following procedure applies to determine the Insurance Rating Group for Comprehensive coverage (DRG) and Insurance Rating Group for Collision coverage (GRG) applicable to commercial vehicles:

- A. Determine the MSRP, as defined in Rule 111 - Manufacturer's Suggested Retail Price, of the chassis.
- B. Determine the MSRP, as defined in Rule 111 - Manufacturer's Suggested Retail Price, of any added body, additional equipment, and customization.
- C. Add the MSRP from step A. and step B. together.
- D. Use the Insurance Rating Group/Deductible table to look up the DRG and GRG that corresponds with the total MSRP from step C.

This DRG and GRG will be used when determining the premiums for comprehensive and collision coverages.

319. TRAILERS AND SEMI-TRAILERS

Trailers and semi-trailers are vehicles not equipped with automotive power and designed for attachment to another vehicle.

A. Bodily Injury and Property Damage Liability and Medical Payments coverages

Bodily injury and property damage liability and medical payments coverages on a commercial automobile may be extended to each trailer and semi-trailer towed by such a unit at the percentage shown in the Rate Section. This percentage is applied to the total premium of the towing vehicle for each trailer or semi-trailer towed.

Exception: Bodily injury and property damage liability and medical payments coverages are extended without charge to:

1. Trailers and semi-trailers attached to farm vehicles (Vehicle Use Codes 2A and 2B under Rule 314 - Commercial Automobile Vehicle Use).
2. Trailers insured under Rule 402 - Trailers Designed for Use with Private Passenger Automobiles
3. Trailers insured under Rule 901 - Recreational Vehicles.

B. Physical Damage Coverages

Subject to other manual rules, trailers and semi-trailers may be insured for the same physical damage coverages as available to regular commercial automobiles. The commercial automobile premium schedules apply. Each trailer or semi-trailer shall be rated separately from the towing vehicle and from any other trailer or semi-trailer. If a deductible form of collision or comprehensive is written, the amount deductible shall apply separately to each unit.

Trailers and semi-trailers shall be rated according to the following vehicle body type categories:

1. **Concession trailer** (67)
2. **Drop deck trailer** (65)
3. **Dump trailer** (49)
4. **Flatbed trailer** (51)
5. **Hopper-bottom trailer** (60)
6. **Horse trailer** (57)
7. **House trailer** (58)
8. **Live floor trailer** (63)
9. **Livestock trailer** (61)

10. **Lowboy trailer** (56)

11. **Pole trailer** (59)

12. **Refrigerated trailer** (52)

Note: Trailers equipped with windows for selling or distributing product directly from the cargo area shall be rated as Concession trailers above.

13. **Tank trailer** (53)

14. **Utility/box trailer** (50)

15. **Wedge trailer** (66)

400 MISCELLANEOUS VEHICLE RULES

401. MOTOR HOMES, TRUCK OR VAN CAMPERS

A **Motor Home** is an owned, self-propelled vehicle which is permanently equipped for use as living quarters.

A **Truck or Van Camper** is an owned, utility vehicle of the pickup or van type on or into which a portable camper unit or similar detachable living quarters has been mounted or installed. Canopy-covered pickup trucks will not be considered as truck campers unless also equipped with sleeping and cooking facilities.

- A. **Recreational Use** - If the vehicle is principally used as a recreational vehicle, it may be insured for coverages and premiums shown in the Rate Section. The policy term shall be twelve months. Unless otherwise indicated, Rate Section Rules do not apply. However, these vehicles do serve to qualify an insured private passenger automobile for the multiple automobiles discount under the provisions of the Multiple Automobiles Discount Rule.

Note: Policies covering vehicles rated in accordance with this section of the rule may not be suspended.

1. Classification

- a. **Age** - the policy shall be rated based on the **age** of the **principal driver**. The **principal driver** is the individual who most frequently drives the motor home.
- i. To rate the policy for the upcoming term, use the driver's **age** as of the effective date of the policy.
 - ii. For newly added drivers, use the driver's **age** as of the effective date the driver was added to the policy. The pro rata premium will be recalculated for the remainder of the policy term using this **age**.
 - iii. If the driver's **age** at the beginning of the policy term is greater than or equal to 25, that driver will be considered that **age** for the entire policy term.
 - iv. If the driver's **age** at the beginning of the policy term is less than 25, the **age** will be recalculated on the driver's birthday. The pro rata premium will be recalculated for the remainder of the policy term using this **age**.
- b. **Estimated Average Total Annual Mileage** - The exact mileage a motor home will be driven in any year cannot be forecast precisely. The miles a motor home will be driven will vary from year to year. Odometer readings, factual information secured from the applicant or the insured, and knowledge possessed by the agent or the Company should be considered to arrive at the Estimated Average Total Annual Mileage to be driven in the ensuing year. If the Estimated Average Total Annual mileage is 7,500 miles or less, the motor home shall be classified as Short Annual Mileage. Otherwise the motor home shall be classified as Long Annual Mileage.

Note: The Company may request information from the insured periodically to confirm eligibility for short annual mileage classification (estimated average total annual mileage of 7,500 miles or less). If such information is not provided, the policy shall no longer be eligible for such classification.

2. Model Year Rating

- a. The model year of chassis shall determine the model year of the motor home.
- b. If the model year of the motor home is shown in the Motor Homes Model Year Factors Table, the Model Year Factor for each applicable coverage is that shown in the table.

For newer model years:

- c. Calculate the difference between the model year of the motor home and the most recent printed model year in the Motor Homes Model Year Factors Table. This is the Model Year Difference.
- d. For each applicable coverage, use the percentage shown in the table below and the most recent model year factor from the Motor Homes Model Year Factors Table (Model Year) in the following formula:

$$\text{Model Year Factor} \times (1 + \text{Percentage})^{(\text{Model Year Difference})}$$

Round to the nearest hundredth.

Coverage	Percentage
BIPD	0%
COLL	5%
COMP	3%
MPC	0%

Exception: The vehicle shall be rated under the provisions of Section B if the insured does not have a private passenger automobile (as defined in Rule 201 - Private Passenger Automobile Defined) insured with either the State Farm Mutual Automobile Insurance Company or the State Farm Fire and Casualty Company.

B. Other

- 1. A motor home shall be insured as a private passenger type automobile and be subject to all rules applicable to such vehicles including application of premium adjustments shown in the Rate Section Rules when:
 - a. the motor home is principally used as a private passenger type automobile for pleasure and business purposes including driving to and from work or school, and only occasionally used as a motor home for recreational travel and camping purposes, or
 - b. the motor home is not eligible for Recreational Use rates due to the exception in Section A.

The policy term shall be six months.

- 2. A truck or van camper shall be rated in accordance with its normal usage when recreational use is incidental to its regular use. The policy term shall be six months. The physical damage coverages may be extended to the camper unit at the premiums shown in the Rate Section for camper units.

C. Rental Provisions

- 1. The non-owned car provisions of a policy insuring a private passenger automobile apply to a rented motor home or truck/van camper. If, as a condition for renting a motor home or truck/van camper, higher limits of bodily injury and property damage liability and medical payments coverages or lower physical damage deductibles are required, the necessary coverages may be extended by endorsement for an additional premium payment, subject to such limits or deductibles being written by the Company. Refer to Extension of Coverages for daily and minimum premiums.

- 2. Coverage on an owned insured motor home, truck camper, van camper or camper unit may be extended by endorsement to apply while it is rented to others. The additional premium for this extension of the insured's coverage shall be:

Vehicle Type	Rate Per Day	Minimum Premium
Motor Home, Truck Camper, Van Camper	6.00	10.00
Camper Unit	1.00	5.00

402. TRAILERS DESIGNED FOR USE WITH PRIVATE PASSENGER AUTOMOBILES

Note: Trailers used solely for camping and other recreational purposes are subject to Rule 901 - Recreational Vehicles.

- A. **Bodily Injury and Property Damage Liability and Medical Payments Coverages:** Bodily injury and property damage liability and medical payments coverages afforded on an owned private passenger or utility type automobile (as defined in Rule 201 - Private Passenger Automobile Defined) are extended without additional charge to a trailer designed for use with such automobile provided it is not:
 - 1. a passenger trailer,
 - 2. a trailer used for business purposes with another type of automobile, or
 - 3. a trailer used as premises for office, store, or display purposes.
- B. **Physical Damage Coverages:** Physical damage coverages may be written on owned trailers qualifying for extended coverage under this rule.
- C. **Emergency Road Service Coverage:** For emergency road service coverage on trailers see Rule 604 - Emergency Road Service Coverage.
- D. See the Rate Section for premium determination of applicable coverages. A policy written for a short term (less than six months) is subject to a minimum premium equal to one-third of the semiannual premium.

403. AMPHIBIOUS, DUNE BUGGY, AND RELATED SELF-PROPELLED VEHICLES

Amphibious vehicles, dune buggies, and related miscellaneous vehicles (including all-terrain vehicles, golfmobiles, and snowmobiles) which are licensed/registered for use on public roads shall be classified and rated according to such use. Vehicles designed for off-road use and not licensed/registered for use on public roads are subject to Rule 901 - Recreational Vehicles.

404. MOTORCYCLES, MOTORSCOOTERS, AND MOTORIZED BICYCLES

A. The following are insurable under this rule for a twelve months policy term:

1. Factory-built motorcycles and motorscooters designed or licensed/registered for use on public roads.

Note: Motorcycles and motorscooters not designed and not licensed/registered for use on public roads are rated under Rule 901 - Recreational Vehicles.

2. Factory-built motorized bicycles (mopeds) regardless of use or licensing/registration requirements.

Such vehicles (hereafter referred to as motorcycles) may be insured for the coverages and at the premiums shown in the Rate Section. Except for Customer Rating Index and Liability Rating Group, premium adjustment rules in the Rate Section Rules shall not apply.

B. Classification

1. If the **principal driver** is a male or unmarried female under the age of 25, the youthful rates shown on the rate page shall apply to the motorcycle most frequently operated by that driver.

2. For classification purposes, the following definitions apply:

- a. An individual is considered married if living together with his or her spouse or if a widow or widower. A married couple temporarily living apart for reasons of health, occupation, military service or similar circumstance shall be considered as living together.

- b. The **principal driver** is the driver who most frequently drives the motorcycle.

C. **Age Adjustment Factors** - Age adjustment factors using **age** as determined in Section D apply to motorcycles. See the Rate Section for the factors.

D. **Age Determination** - The driver whose **age** should be determined is the driver whose use was considered in determining the applicable classification in Section B.

1. To rate the policy for the upcoming term, use the driver's **age** as of the effective date of the policy.
2. For newly added drivers, use the driver's **age** as of the effective date the driver was added to the policy. The premium will be recalculated and earned for the remainder of the policy term using this **age** and the table in Section F.
3. If the driver's **age** at the beginning of the policy term is greater than or equal to 25, the **age** and associated classification will be used for the entire policy term.
4. If the driver's **age** at the beginning of the policy term is less than 25, the **age** will be recalculated on the driver's birthday and the associated classification determined. The premium will be recalculated and earned for the remainder of the policy term using this **age** and the table in Section F.

E. Model Year Rating

1. The model year of the motorcycle is the year assigned to it by the motorcycle manufacturer.
2. If the model year of the motorcycle is shown in the Motorcycle Model Year Factors Table, the Model Year Factor for each applicable coverage is that shown in the table.

For newer model years:

1. Calculate the difference between the model year of the motorcycle and the most recent printed model year in the Motorcycle Model Year Factors Table. This is the Model Year Difference.
2. For each applicable coverage, use the percentage shown in the table below and the most recent model year factor from the Motorcycle Model Year Factors Table (Model Year) in the following formula:

Model Year Factor x (1+Percentage)^(Model Year Difference)

Round to the nearest hundredth.

Coverage	Percentage
BIPD	6%
COLL	10%
COMP	10%

F. Suspension, Changes and Cancellation

Any change, suspension or cancellation of coverage shall be subject to an earned premium calculated in accord with the following table. The earned premium will be based on the sum of the premium earned percentages, or the pro rata portion thereof, for those months in which coverage was provided.

MONTH	PREMIUM EARNED%	MONTH	PREMIUM EARNED%
January	2%	July	16%
February	2	August	16
March	4	September	12
April	8	October	8
May	12	November	2
June	16	December	2

Policy cancellations at the request of the insured are subject to a minimum retained premium of \$5.00.

406. ANTIQUE AND CLASSIC AUTOMOBILES AND REPLICAS - LIMITED USE

Note: Policies covering vehicles rated in accordance with this rule may not be suspended.

Vehicles of the type described below which are used on a very limited basis, such as exhibitions, club activities, parades, or similar functions of public interest, shall be rated in accordance with this rule. Vehicles which are regularly used for personal, pleasure, and business purposes shall be rated in accordance with the regular rules and rates applying to the type of vehicle insured.

- A. A **Classic Automobile** is a motor vehicle which is ten or more years old and which because of limited production or exceptionally fine workmanship is a rarity or of historic interest and which has been restored, maintained, or preserved by classic automobile hobbyists. If the vehicle is 25 or more years old, rate as an antique.
- B. An **Antique Automobile** is a motor vehicle which is 25 or more years old and which has been restored, maintained, or preserved by antique automobile hobbyists.
- C. A **Replica** is a reproduction of an antique or classic automobile. If the vehicle is 25 or more years old, rate as an antique.

Age of the vehicle shall be determined as of the first renewal on or after January 1st of each calendar year.

Refer to the Rate Section for premium determination. Unless otherwise indicated, Rate Section Rules do not apply.

408. SCHOOL BUSESSES

Note: School busses qualifying for insurance under this rule shall be written in the State Farm Mutual Automobile Insurance Company.

A school bus is a bus-type motor vehicle* used for the transportation of persons in connection with

- A. school attendance, and
- B. school activities.

*A private passenger type automobile used exclusively as a school bus shall be classified and rated as a school bus. (See Rule 705 - Transportation of School Children, Church Groups, Friends, Neighbors or Fellow Employees - Private Passenger Automobiles for a private passenger automobile used to transport school children in addition to its use for personal pleasure and business).

School busses may be insured for the coverages indicated in the Rate Section. A single multi-bus annual term policy shall be issued covering all busses being insured by the school or school district. School busses shall be individually rated for coverage according to class and seating capacity as follows:

Class 1: School busses used in accordance with this rule for a school term of 200 or less school days.

Class 2: School busses used in accordance with this rule for a school term of more than 200 school days.

Seating Capacity - If seating capacity has not been established it is determined as follows:

If the length of the seating space excluding the driver's seat is 22" or less, the seating capacity is 1; if more than 22" but not more than 38", the seating capacity is 2. Each additional 15" or fraction thereof shall be considered an additional seat.

Coverage on a regularly used school bus is extended to a temporary substitute school bus while such regularly used school bus is withdrawn from service for a short time.

Coverage for other school bus uses may be provided for an additional charge as follows:

- A. **Approved Other Use Coverage:** A school bus policy issued to a school or school district may be used to insure busses used in connection with activities sponsored by church, civic, charitable, fraternal or welfare organizations. Such other use of a school bus must be approved by the school board, principal or other authorized person of the school or school district. A premium applying to the policy rather than to each school bus individually shall be charged based on the total other use mileage of all busses insured under the policy. Refer to the Rate Section for the determination of such premium.
- B. **Use of a Spare or Substitute School Bus:** An owned school bus, held in reserve for use as a temporary replacement of a regularly used school bus while such school bus is withdrawn from service, may be insured for school use other than as a temporary substitute school bus provided such use is not regular nor frequent. Refer to the Rate Section for premium determination.

409. CHURCH BUSESSES

Note: Church busses qualifying for insurance under this rule shall be written in the State Farm Mutual Automobile Insurance Company. For rules applicable to busses which are used as school busses as well as for church bus use, refer to Rule 408 - School Busses.

A church bus is a bus-type motor vehicle* used to transport persons to and from services and other church related activities.

*A private passenger type automobile used exclusively as a church bus shall be classified and rated as a church bus. (See Rule 705 - Transportation of School Children, Church Groups, Friends, Neighbors or Fellow Employees - Private Passenger Automobiles for a private passenger automobile used to transport church groups in addition to its use for personal pleasure and business).

Coverages available to school busses are available to church busses. The policy term shall be six months. A single multi-bus policy shall be issued covering all busses being insured by the church. Refer to the Rate Section for premium determination.

413. KIT CARS AND REPLICA AUTOMOBILES - REGULAR USE

Kit cars are vehicles usually constructed of fiberglass and assembled on a chassis (or modified chassis) of another regular production car. A replica is a reproduction of an antique or classic automobile. Vehicles of this type which are regularly used for personal, pleasure, and business purposes shall be classified and rated in accordance with the regular rules and rates applying to the type of vehicle insured. The model year of the chassis will determine the model year of the vehicle.

Exception: Insurance Rating Group for Comprehensive coverage (DRG) and Insurance Rating Group for Collision coverage (GRG) assignments for regular use Kit Cars and Replicas will be determined according to the following table based on the original cost new of the vehicle to the initial retail purchaser.

Original Cost New	DRG/GRG	Original Cost New	DRG/GRG	Original Cost New	DRG/GRG
\$0-\$2,200	4	\$9,001-\$10,000	13	\$18,001-\$20,000	22
2,201-3,000	5	10,001-11,000	14	20,001-21,000	24
3,001-4,000	6	11,001-12,000	15	21,001-24,000	25
4,001-5,000	7	12,001-13,000	17	24,001-27,000	26
5,001-6,000	8	13,001-14,000	18	27,001-29,000	27
6,001-7,000	10	14,001-15,000	19	29,001-32,000	28
7,001-8,000	11	15,001-16,000	20	Over \$32,000 - Refer to Company	
8,001-9,000	12	16,001-18,000	21		

Note: Vehicles of the above type which have limited use or are designed for off-road use and not licensed/registered for use on public roads shall be classified and rated in accordance with the limited use or off-road vehicle rules and rates applying to the type of vehicle insured. See Rule 406 - Antique and Classic Automobiles and Replicas - Limited Use or Rule 901 - Recreational Vehicles.

500 NON-OWNED VEHICLE RULES

501. USE OF NON-OWNED CARS (Limited Form)

If the insured automobile is rated as a private passenger automobile or as a commercial farm use automobile, the limited use of non-owned automobiles provisions of the policy apply to named insureds, the spouse of the first named insured, and resident relatives of the first named insured.

The bodily injury and property damage liability coverage afforded by such a policy may be extended to also cover the limited use of non-owned automobiles by additional persons who are resident relatives of named insureds other than the first named insured or who are joint owners or partners. The coverage also extends to the spouse of such additional person(s) who is a resident of his or her household. The named additional person and his or her resident spouse are afforded the same coverage as a named insured under the coverages specified in the endorsement. The premiums in the Rate Section for Use of Non-Owned Cars - Limited Form apply to each such additional person.

502. USE OF NON-OWNED CARS (Broad Form)

If the use of non-owned automobiles is not or cannot be insured under the limited use of non-owned automobiles provisions, a broad form of coverage may be written.

- A. **Classifications:** the following classifications apply to individuals insured under Parts B and C of this rule.
1. **Class A:** Persons not subject to Class B, C or D.
 2. **Class B:** Law enforcement personnel who require the use of a motor vehicle (other than a motor vehicle owned by the United States Government) when responding to emergencies which are normally associated with their duties.
 3. **Class C:** Persons employed in the business of selling, repairing, servicing, storing or parking of automobiles other than such persons who are civilian employees of the government.
 4. **Class D:** Persons who operate public livery conveyances, trucks that are frequently operated beyond a 50-mile radius of garage location, trucks used for hauling for hire, or any vehicle used for emergency purposes other than those within Class B or owned by the United States Government.
- B. **Broad Form Endorsement:** The bodily injury and property damage liability coverage afforded under a policy insuring a described automobile may be extended to cover the regular or frequent use of non-owned automobiles by a named individual and spouse resident in the same household provided such individual is
1. the named insured,
 2. a relative of the named insured and resident in the same household or
 3. an employee of the named insured and an automobile described in the policy is furnished for the regular use of such employee.

Any medical payments coverage afforded under the policy must be extended to apply to the use of non-owned automobiles. The premiums in the Rate Section for Use of Non-Owned Cars - Broad Form apply to each named individual.

- C. **Named Non-Owner Policy:** If a described automobile is not insured or if an individual is not eligible for broad form non-owner coverage under a policy insuring a described automobile, such coverage may be afforded an individual, their spouse, and relatives of either, residing in the same household by means of a named non-owner policy. Such a policy may be written for bodily injury and property damage liability, medical payments, and uninsured motor vehicle coverages.

Note: Additional coverages as specified in the Named Non-Owner Policy schedules in the Rate Section may be included in policies insuring Class A Persons.

The bodily injury and property damage liability and medical payments coverages premiums are determined in accordance with Named Non-Owner Policy Schedule I in the Rate Section except that Schedule II shall apply when the policy must be certified under the provisions of a financial responsibility law.

The premium for uninsured motor vehicle coverages is determined from the Rate Section.

503. EMPLOYERS' NON-OWNED CAR LIABILITY

Note: This rule applies in the State Farm Mutual Automobile Insurance Company only.

An employer's non-owned car liability policy may be written to insure an employer for the operation by employees in the business of such employer of vehicles not owned in whole or in part, nor hired or leased by, nor registered in the name of the employer. The premium is based on the way the employees' vehicles are used in the business of the named insured as follows:

- A. **Food Delivery** - Premium is based on the number of employees who use their own vehicles on the busiest day of a typical week in the business of the named insured in a manner described below.
 - 1. **Class A - Extended Meal Delivery** - Scheduled hours of individual meal delivery include delivery between 9:00 PM and 6:00 AM.
 - 2. **Class B - Individual Meal Delivery** - Delivery of individual meals between 6:00 AM and 9:00 PM.
 - 3. **Class C - Other Food Delivery** - Food delivery not otherwise classified above. This would include catering risks.

- B. **Other** - Premium is based on the number of employees who use their own vehicles in the business of the named insured in a manner described below.
 - 1. **Class D - Frequent Use** - Use of vehicles for purposes not described in classes A, B, or C at least once per week.
 - 2. **Class E - Infrequent Use** - Use of vehicles for purposes not described in classes A, B, or C less than once per week.

If multiple uses of employees' vehicles occur in the business, classification will be determined based on the highest rated use, unless such use is incidental. Rates and minimum premiums are set forth in the Rate Section.

No automobile is described in the policy.

504. HIRED CARS

Note: This rule applies in the State Farm Mutual Automobile Insurance Company only.

An automobile that is hired or leased on a long-term basis shall be insured by the lessee as an owned automobile and is not subject to the provisions of this rule.

A policy providing Employers' Non-Owned Car liability coverage may be endorsed to provide liability coverage for the operation of vehicles used under contract in behalf of, or loaned to, the named insured while such vehicles are engaged in the business of the insured. Such vehicles must not be owned or registered in the name of the insured, an executive officer or partner (if a firm), or an employee or agent of the named insured.

A policy providing Hired Car liability coverage may also be endorsed to provide physical damage (comprehensive and collision) coverage to hired vehicles of the private passenger type, in accordance with the provisions set forth in Rule 506 - Use of Non-Owned Cars - Physical Damage.

Coverage(s) as stated above are available on the cost-of-hire basis and covers all eligible vehicles hired by the named insured or by any employee of the named insured.

Under the cost-of-hire rating, the total policy premium shall be determined as follows:

The insured shall maintain and submit to the Company upon request a chronological record for each business location showing:

- A. the number and type of each automobile and trailer hired,
- B. the names of the concerns or owners from whom the vehicles were hired,
- C. the cost-of-hire by type of automobile and trailer, and
- D. complete information as to any liability and physical damage insurance coverage carried for these vehicles by the owners of the vehicles or trailers.

The rates per \$100 cost-of-hire are set forth in the Rate Section.

Cost-of-hire is the total amount incurred over a twelve month period for the hire of automobiles and trailers (including wages of hired operators) but not including charges for services performed by motor carriers subject to the security requirements of any motor carrier law or ordinance.

The premium shall be determined by applying the rate per \$100 to the appropriate total twelve month cost-of-hire amount at each business location as estimated by the insured for the current policy term.

The cost-of-hire amount shall be subject to adjustment by audit upon request of the Company.

The total premium for Employers' Non-Owned Car and Hired Car liability coverage and the total premium for the associated physical damage coverage are subject to the minimum premiums specified in the Rate Section.

505. USE OF NON-OWNED RECREATIONAL TRAVEL AND CAMPING VEHICLES AND TRAILERS - Extension of Coverage

A policy insuring an owned private passenger automobile may be endorsed to provide for the extension of additional coverage to a rented camper unit, or travel/camping trailer beyond that provided by the policy for non-owned automobiles.

Subject to an additional premium, policy coverages may be extended to a rented trailer or camper unit by endorsement to provide for:

- A. physical damage coverage in excess of the \$2,500 policy limits,
- B. emergency road service coverage, and
- C. lower physical damage deductibles if such deductible is required as a condition for renting and such deductible is being offered by the Company.

Note that the policy limits for bodily injury and property damage liability and medical payments coverages offered on the owned automobile are extended to the rented trailer or camper without additional charge.

Any insurance extended to a rented camper unit or travel/camping trailer shall be excess over other collectible insurance and is subject to a further provision that the underlying policy will remain in force for the entire period specified in the endorsement.

Refer to the Rate Section for rates and minimum premiums.

506. USE OF NON-OWNED CARS - PHYSICAL DAMAGE COVERAGE

- A. A policy insuring a private passenger automobile for bodily injury and property damage liability coverage may be endorsed to provide additional physical damage (comprehensive and collision) coverage for the use of non-owned cars by a named individual and resident spouse provided such individual is the named insured or a relative of the named insured and resident in the same household. This endorsement will extend the comprehensive and collision coverage of a policy insuring a described private passenger automobile to non-owned cars. If the policy does not provide comprehensive or collision coverage, physical damage coverage is provided to non-owned cars subject to a deductible of \$250 and a limit of \$30,000.

This endorsement does not extend coverage to non-owned cars which are owned by the named insured's employer or those that are used

- 1. by persons while employed in the business of selling, repairing, servicing, storing, or parking of automobiles, or
- 2. by persons while employed in public or private delivery or transportation.

- B. A policy providing Hired Car liability coverage may be endorsed to provide physical damage (comprehensive and collision) coverage to vehicles of the private passenger type, as defined in Rule 201 - Private Passenger Automobile Defined, but excluding any utility vehicle with a Gross Vehicle Weight of more than 10,000 pounds, and to commercial vehicles of the pickup, panel or van body type with a Gross Vehicle Weight of not more than 10,000 pounds. Such vehicles must be rented or leased for use in the insured's business. The physical damage coverage provided is subject to a \$250 deductible and a limit of \$30,000. Coverage is available on a cost-of-hire basis, in accordance with the provisions set forth in Rule 504 - Hired Cars.

See Rate Section for the premiums for these endorsements.

600 ADDITIONAL COVERAGE RULES**601. MEDICAL PAYMENTS COVERAGE**

Unless specifically prohibited by other rules medical payments coverage may be written under a policy that provides bodily injury and property damage liability insurance.

When medical payments coverage is written on a policy insuring

- A. an individual named insured or married couple resident in the same household, or
- B. multiple individuals or a partnership, company, corporation, association, etc., and one individual is designated as the named insured with respect to medical payments coverages

and such individual named insured or designated individual also is named in a broad form use of non-owned automobiles endorsement, the broad form use of non-owned automobiles medical payments premium also applies.

Additional Persons - Private Passenger and Commercial Farm Use Automobiles Only

Medical payments coverage is required as respects additional persons named in a use of non-owned automobiles endorsement attached to a policy that includes medical payments coverage.

The full medical payments premium applies to each such additional person who is

- A. not a resident in the same household as the individual named insured or designated individual, or
- B. a resident in the same household but not a relative of the individual named insured or designated individual.

The use of non-owned automobiles medical payments premium applies to each additional person who is a relative of, and who is a resident in the same household as the individual named insured or designated individual.

Refer to the Rate Section for available limits of liability and rates for all forms of medical payments coverage.

602. UNINSURED MOTOR VEHICLE COVERAGES

All policyholders with liability coverage on motor vehicles must be offered Uninsured Motor Vehicle Coverage (Coverage U) with limits equal to the bodily injury liability limits of the policy. The policyholder may select lower limits, or may reject the coverage completely.

Coverage U provides protection for bodily injury damages caused by uninsured and underinsured motor vehicles.

Uninsured Motor Vehicle Property Damage (Coverage U1) is also available to policyholders with policies which provide liability coverage and do not provide collision coverage. Coverage U1 provides protection for property damage to the insured vehicle if the damages are caused by an identified uninsured motor vehicle. It does not provide protection for loss of use of such vehicle. This coverage (U1) provides protection up to \$7,500, the actual cash value of the vehicle or the cost of repair or replacement of the vehicle, whichever is lower, subject to a \$250 deductible.

See the Rate Section for the available limits of coverage and premiums.

603. CAR RENTAL AND TRAVEL EXPENSES - Coverage R1

Coverage R1 may be provided if the policy insures a private passenger car, as defined in Rule 201 - Private Passenger Automobile Defined, for comprehensive and/or collision coverage.

Subject to the provisions of the coverage, Car Rental and Travel Expense, Coverage R1 reimburses the named insured for:

- A. Rental charges of not more than the selected limit per day, subject to the maximum limit of liability per occurrence, for a substitute automobile rented from a car rental agency or a garage as a result of a loss as defined.

See the Rate Section for the per day/maximum per occurrence limits available.

- B. Any deductible amount for which the insured is legally liable that applies to the comprehensive and collision coverages in effect on a rented car, subject to a \$500 limit of liability per occurrence.
- C. If the loss occurs more than 50 miles from the named insured's residence, commercial transportation, meals, and lodging expenses as specified in the coverage, subject to a \$500 limit of liability per occurrence.

604. EMERGENCY ROAD SERVICE COVERAGE

Emergency road service coverage may be included in a policy which affords bodily injury and property damage liability or physical damage coverages on:

- A. an automobile which is within the manual definition of a private passenger automobile as defined in Rule 201 - Private Passenger Automobile Defined, or
- B. an automobile designed as an auto home as defined in Rule 401(A) - Motor Homes, Truck or Van Campers, or
- C. a commercial automobile with farming vehicle use 2A, as defined in Rule 314 - Commercial Automobile Vehicle Use.

Exception: Emergency road service coverage is not available to a commercial vehicle with body type 34 as defined in Rule 312 - Body Type Categories, regardless of vehicle use.

A trailer designed for use with a private passenger automobile may be insured for emergency road service provided the policy describing the trailer also affords either comprehensive or collision coverage on such trailer.

The emergency road service premiums for private passenger vehicles in the Rate Section shall apply to an automobile designed as an auto home and to a trailer designed for use with a private passenger automobile.

Note: See policy for the extension of emergency road service coverage written on private passenger automobiles to non-owned trailers.

605. AUTOMOBILE DEATH INDEMNITY AND SPECIFIC DISABILITY

This coverage may be written under a policy affording either automobile bodily injury and property damage liability or collision coverage as respects an automobile classified and rated as a private passenger automobile as defined in Rule 201 - Private Passenger Automobile Defined. Persons eligible for coverage include the named insured and any relatives residing in the named insured's household.

See the Rate Section for limits of liability and rates.

606. TOTAL DISABILITY AND LOSS OF EARNINGS COVERAGES

A. Total Disability Coverage - (Renewals and Transfers only)

Unless otherwise restricted in the Rate Section, this coverage may be written under a policy affording either automobile bodily injury and property damage liability or collision coverage as respects an automobile classified and rated as a private passenger automobile as defined in Rule 201 - Private Passenger Automobile Defined.

B. Loss of Earnings Coverage

Loss of Earnings coverage may be written under a policy affording either bodily injury and property damage liability or collision coverage on a vehicle classified and rated as a private passenger automobile as defined in Rule 201 - Private Passenger Automobile Defined. This coverage may be written with or without automobile death indemnity and specific disability coverage. Persons eligible for coverage include the named insured and any relatives residing in the named insured's household.

See the Rate Section for premiums.

700 MISCELLANEOUS RATING RULES

703. OVERSIZE OR OVERWEIGHT VEHICLES - Bodily Injury and Property Damage Liability

As respects a vehicle which exceeds the limitations on width, length, height or weight specified by law and as a result of which the owner or operator must secure a special permit and possibly file a certificate of insurance, the applicable bodily injury and property damage liability premium shall be increased in accordance with the following:

A. Single Trip Permit:

If the permit is issued for and limited to a single trip a separate charge applies for each trip. The required premium together with a notice of intent to make such trip must be received by the Company prior to the date it is actually made. Such notice shall specify the date of the trip and describe the kind of load, dimensions and weight which make the permit mandatory. Refer to the Company for the additional charge.

B. Permits not Limited to Single Trips:

If the permit does not limit operations to a single trip, the required additional semiannual charge together with a general description of the kind of loads, dimensions and weight which make the permit mandatory must be received by the Company. Refer to the Company for the additional charge.

Note: Coverage will be afforded on a "per occurrence" basis when the statute governing overweight and oversize vehicles so requires. Vehicles insured hereunder shall not be subject to a charge for "per occurrence" coverage specified by any other manual rule.

704. MOTOR CARRIER CERTIFICATE FILING

Risks which require the filing of (1) a Federal Highway Administration (formerly Interstate Commerce Commission) certificate, or (2) a public utility commission or state commerce commission certificate which binds the Company on all vehicles owned, operated, or hired by the insured and used under the insured's permit, shall be subject to the following provisions:

- A. All owned, rented or leased vehicles must be insured for bodily injury and property damage liability by this Company. A policy on which a prescribed certificate is filed cannot be cancelled prior to the effective date of the cancellation of the certificate.
- B. **Employers' Non-Owned Car Liability and Hired Car Coverage:** The policy shall be endorsed to provide employer's non-owned car liability and hired car coverages, subject to the following rating provisions:
 - 1. If the insured expects to hire vehicles or to have employees use non-owned vehicles in the operation of the insured's business, the premium charge shall be determined in accordance with Rule 503 - Employers' Non-Owned Car Liability and Rule 504 - Hired Cars.
 - 2. If the insured does not anticipate hiring vehicles or having employees use non-owned vehicles in the operation of the insured's business, the bodily injury and property damage liability premium charge is \$20.00.

705. TRANSPORTATION OF SCHOOL CHILDREN, CHURCH GROUPS, FRIENDS, NEIGHBORS OR FELLOW EMPLOYEES - Private Passenger Automobiles

A private passenger type automobile used to transport

- A. school children, or
- B. persons to and from church services or other activities incidental to church functions, or
- C. friends, neighbors or fellow employees

for a consideration, in addition to use for personal pleasure, family and business shall be classified as a private passenger automobile as defined in Rule 201 - Private Passenger Automobile Defined. The otherwise applicable private passenger premium determination procedures shall apply for all coverages except the base premiums for the bodily injury and property damage liability and medical payments coverages shall be multiplied by:

Number of Passengers Transported, excluding the driver	Factor
8 or less	1.20
Greater than 8	1.75

Note: Coverage for such use on a share-expense basis in a private passenger or station wagon type vehicle is provided under the policy contract at no additional charge.

706. TRANSPORTATION OF PERSONS INCIDENTAL TO OCCUPATIONAL DUTIES

A private passenger type automobile used to transport persons as an incidental part of the occupational duties of an insured shall be classified as a private passenger automobile. The otherwise applicable private passenger premium determination procedures shall apply to all coverages except where the insured's compensation for transporting persons exceeds the local area standard for non-profit reimbursement for automobile operational costs, in which event the otherwise applicable base premium for bodily injury and property damage liability and medical payments coverages shall be multiplied by:

Number of Passengers Transported, excluding the driver	Factor
8 or less	1.20
Greater than 8	1.75

If the compensation for transporting persons exceeds the local area standards for non-profit reimbursement for automobile operational costs, the application must be accompanied by a statement of the complete facts relative to the transportation of passengers and the form, basis and rate of compensation.

Under no circumstance does this rule extend to the insuring of any automobile which is used for public livery or private livery purposes.

708. FEDERAL GOVERNMENT EMPLOYEE - Use of Private Passenger Automobile

A private passenger automobile as defined in Rule 201 - Private Passenger Automobile Defined used by an insured in performance of duties as a federal government employee shall be classified as **business use** (see Rule 213 - Private Passenger Automobile Use) **long annual mileage** (see Rule 214 - Estimated Average Total Annual Mileage). The otherwise applicable private passenger premium determination procedures shall apply to all coverages except that the otherwise applicable bodily injury and property damage liability base premium shall be multiplied by:

Factor
0.70

when a certificate of financial responsibility filing is not required; otherwise, the full bodily injury and property damage liability base premium is applicable.

800 FLEET AND EXPERIENCE RATING PLAN

801. FLEET RATING PLAN

Note: Vehicles rated under the provisions of this rule shall be insured in the State Farm Mutual Automobile Insurance Company.

A. Fleet Defined

A fleet is defined as five or more self-propelled vehicles owned by or under the direct control of one insured or management and covered under one policy with a single expiration date applying to all vehicles.

Notes:

1. Vehicles of any type rented or leased by the insured and operated as though owned by the insured shall be considered as owned vehicles for the purpose of this rule.
2. Motorcycles, motorscooters, motorized bicycles, golfmobiles, snowmobiles, trailers and semitrailers, and limited use antique and classic automobiles may be included in a fleet policy but shall not be counted as self-propelled vehicles for the purpose of determining fleet eligibility.
3. If a company is solely owned by an individual and part of the vehicles are titled in the name of the company and the balance in the name of the sole owner, all may be insured on the same fleet policy.
4. Vehicles owned by employees of the insured (including salespeople), by partners, or by officers of the corporation, whether or not used in the insured's business, shall not be included in a fleet policy.
5. For non-farm business use private passenger automobiles insured under the provisions of this rule, the factors in the table below shall apply to the private passenger rates regardless of the actual ages of the operators or the total annual miles driven.

Coverage	Factor
BIPD	1.30
COLL	1.12
COMP	1.18
MPC	0.96

For all other vehicles, regular rating classifications pertaining to such vehicles apply.

6. A fleet insured under the provisions of this rule is subject to Rule 851 - Experience Rating Plan.

B. Application of Manual Rules and Rates

A fleet is subject to other manual rules and rates to the extent such rules and rates are not precluded from applying to fleets.

Notes:

1. A multiple vehicle risk already insured with the Company on separate policies may, at the election of the insured and with the consent of the Company, be insured as a fleet under this rule at a subsequent renewal date.
2. A fleet insured under the provisions of this rule may not be moved from under the rating provisions of this rule except with the approval of the Company.

C. Policy Term

A fleet must be insured on an annual term policy.

Note: Premiums for a twelve month policy term shall be twice the premiums applying for a six month policy term when twelve month policy term premiums for vehicles being insured with a policy term of twelve months are not designated in the manual.

D. Uniform Limits

Limits applying to bodily injury and property damage liability, uninsured motor vehicle and underinsured motor vehicle (where available) coverages shall be the same for each vehicle insured for such coverage. Limits for medical payments or personal injury protection coverages (where available) shall be the same for each vehicle insured for such coverage unless a variation, for reasons submitted, is approved by the Company.

Exception: If certain vehicles because of governmental authority require higher limits than are desired on other vehicles variation will be permitted.

E. Accident or Occurrence Basis for Liability Coverage

The bodily injury and property damage liability coverage provided by the policy is on a "per accident" basis. Bodily injury and property damage liability coverage on a "per occurrence" basis is available by endorsement at a 1% increase in the otherwise applicable bodily injury and property damage liability premium. This adjustment shall be treated as a limits adjustment for purposes of determining the premium.

F. Automatic Coverage

1. At the request of the insured, an automatic coverage endorsement may be issued if all owned, rented or leased vehicles are insured by this Company. If all vehicles are not insured by this Company, it may be made applicable if all vehicles of a given class are insured by this Company.
 - a. This endorsement supersedes the automatic insurance provision of the policy. It applies to the coverages in force on all private passenger automobiles and all other vehicles separately on the date that a vehicle is purchased, rented or leased by the insured. The most restricted coverage shall apply separately for private passenger automobiles and all other vehicles. The status of the policy in force at the time a vehicle is added shall determine the coverage(s) to which the endorsement applies.
 - b. If the automatic coverage endorsement is not issued, the automatic coverage provision of the policy applies.
2. The insured shall maintain for each location a record of vehicles showing:

- a. A description of each vehicle purchased, the date of purchase, the cost and other data necessary for the rating thereof.
- b. A description of each vehicle disposed of and date of disposition.

This record shall be available to this Company upon request.

3. Proper notice to this Company is required to add coverages not provided for by the automatic coverage endorsement.

G. Deposit Premium

A deposit premium applies if the policy contains the automatic coverage endorsement (see Section F). The premium calculated for the upcoming policy period is the Deposit Premium. Any changes to the covered vehicles under the terms of the Automatic Coverage Endorsement may impact the final premium for the policy term and shall be subject to the audit provisions in Section H.

H. Audit

The Company shall have the right to audit the insured's records, at any time during the policy period and within three years after the termination of the policy, with respect to the premium basis or the subject matter of the policy.

851. EXPERIENCE RATING PLAN

The experience rating provisions of this rule apply to all fleets as defined in Rule 801 - Fleet Rating Plan.

- A. This plan provides for the modification of the total policy premium by the application of a premium modification factor.
- B. The premium modification factor is determined from experience incurred by the fleet during the past five years ending with the initial effective date of the policy or the three months preceding the renewal of the policy. If five years of experience is not available, such experience as is available shall be used subject to a minimum experience period of one year ending as specified above. If less than one year of experience is available, the premium modification factor shall be 1.00 for the upcoming policy term.

If the fleet has been insured with a company from which experience is not obtainable, experience may be used that is submitted to the Company in the form of a statement signed by the insured. Experience in such form shall be given credence in accordance with its apparent credibility.

- C. The premium modification factor shall be determined and applied as follows:
 - 1. Determine the number of car years in the experience period represented by the self-propelled vehicles of the fleet.

Note: A single self-propelled vehicle develops five car years of experience for a five year experience period.
 - 2. Determine the total fleet incurred losses (paid losses plus reserves on pending claims) for the experience period after:
 - a. Multiplying individual coverage incurred losses by the indicated factor below to provide for the inclusion of allocated claim adjustment expense in the loss amount, and

Allocated Adjustment Expense Factors	
Bodily Injury Liability	1.10
Uninsured Motor Vehicle	1.06
Personal Injury Protection	1.03
Medical Payments	1.01
All Other Coverages	1.00

- b. Limiting the amount of loss resulting from any single accident (after providing for allocated claim adjustment expense in the amount) to the "maximum single loss" amount specified in the table below:

Number of Car Years in Experience Period	Maximum Single Loss*
5-21	135%
22-49	67%

Number of Car Years in Experience Period	Maximum Single Loss*
50-85	45%
86-132	34%
133-199	27%
200-299	22%
300-466	19%
Over 466	17%

*Percent of adjusted written premium for the experience period.

- Determine the total fleet premium collected by the Company for the experience period adjusted to eliminate the effect of any fleet rating modification. If the fleet was insured with another company during any part of the experience period, use the applicable premiums charged by that company. To the extent the applicable premium information for any policy periods is not available from the other company, do not use those policy periods for experience rating.
- Develop an Actual Limited Loss Ratio by dividing the results of step 2 by the results of step 3.
- Select the premium modification factor from the table below which corresponds to the developed Actual Limited Loss Ratio from step 4 and the number of car years in the experience period from step 1.

Actual Limited Loss Ratio	Number of Car Years in Experience Period							
	5-21	22-49	50-85	86-132	133-199	200-299	300-466	Over 466

900 RECREATIONAL VEHICLES

901. RECREATIONAL VEHICLES

Note: Vehicles rated under the provisions of this rule shall be insured in the State Farm Mutual Automobile Insurance Company. Motor homes and truck or van campers are not subject to the provisions of this rule. See Rule 401 - Motor Homes, Truck or Van Campers.

A. Recreational Vehicles Defined

1. Off-Road Vehicles

- a. **All-Terrain Vehicle:** A self-propelled vehicle, equipped with balloon tires or crawler tracks, capable of traveling over rugged terrain (some are also amphibious) and used principally off public roads.
- b. **Dune Buggy:** A four-wheeled, self-propelled vehicle used principally off public roads.
- c. **Golfmobile:** A self-propelled vehicle used principally to afford transportation on a golf course or private premises.
- d. **Minibike:** A small motorcycle, motorscooter, or other small motorized vehicle not otherwise defined in this rule used principally off public roads.
- e. **Snowmobile:** A self-propelled vehicle, equipped with crawler tracks and skis, capable of traveling over ice and snow and used principally off public roads.
- f. **Trail Bike:** A motorcycle capable of traveling over rugged terrain and used principally off public roads.

Note: Vehicles of the above types which are licensed/registered for use on public roads are not subject to the provisions of this rule. See Rule 403 - Amphibious, Dune Buggy and Related Self-Propelled Vehicles or Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles.

Refer to Section D of this rule for the rating of Off-Road Vehicles.

2. Travel and Camping Trailers

- a. **Travel Trailer:** A trailer designed for use with a private passenger automobile and permanently equipped as living quarters.
- b. **Camping Trailer:** A trailer designed for use with a private passenger automobile which expands into temporary living quarters. These differ from travel trailers in their collapsed, low-profile towing position. It also includes a trailer which is not equipped as living quarters, but which is used solely for camping and similar recreational purposes.

Refer to Section E of this rule for the rating of Travel and Camping Trailers.

B. Coverage and Policy Term

Except as indicated below, factory-built recreational vehicles as defined in this rule, which are owned by individuals, may be insured under the Company's recreational vehicle policy for bodily injury and property damage liability, medical payments, and physical damage (comprehensive and collision combined) coverages.

A recreational vehicle policy shall be written for a twelve months' term. It may be renewed for succeeding twelve months' terms provided the premium for each subsequent term is paid on or before the expiration of the current policy term.

C. Suspension, Changes and Cancellation

Any suspension, change or cancellation of coverage shall be subject to an earned premium calculated in accord with the following table. The earned premium will be based on the sum of the premium earned percentages, or the pro-rata portion thereof, for those months in which coverage was provided.

PREMIUM EARNED PERCENTAGES					
Month	Snowmobiles*	Other Rec. Vehicles	Month	Snowmobiles*	Other Rec. Vehicles
Jan.	25%	2%	July	2%	16%
Feb.	20%	2%	Aug.	2%	16%
Mar.	8%	4%	Sept.	2%	12%
Apr.	8%	8%	Oct.	6%	8%
May	2%	12%	Nov.	8%	2%
June	2%	16%	Dec.	15%	2%

*Applicable also to trailers used for transporting snowmobiles.

Policy cancellations at the request of the insured are subject to a minimum retained premium of \$5.00.

D. Rating of Off-Road Recreational Vehicles

1. Off-road vehicles insured under this rule are not subject to the Rate Section Rules, nor shall the rules applicable to private passenger automobiles apply.
2. **Bodily injury and property damage liability, medical payments and physical damage coverages:** Refer to the Rate Section for the annual premiums.
3. Miscellaneous Provisions:
 - a. **Uninsured motor vehicle coverage:** Uninsured motor vehicle coverage on all off-road vehicles must be written in accordance with the provisions of Rule 602 Uninsured Motor Vehicle Coverage. Refer to the "Off-Road Vehicles" Rate Section for the premium determination.
 - b. **Towed cutters and sleds:** The physical damage coverage afforded on the insured off-road vehicle may be extended to an owned, factory-built trailer, sled, or cutter designed for towing behind the vehicle. Its MSRP (See Rule 111) will be included with that of the recreational vehicle for the purpose of determining the premium for the physical damage coverage on the entire unit. The liability and medical payments coverages afforded on the insured off-road vehicle are

included on the towed vehicle without additional charge.

- c. **Trailers used for transporting off-road vehicles:** The physical damage coverage afforded on the insured off-road vehicle may be extended to an owned, factory-built trailer designed for use with a private passenger automobile and used for transporting the vehicle. Refer to the Rate Section for the additional premium for the extension of physical damage coverage. This extension includes emergency road service coverage on the trailer. The liability and medical payments coverages afforded on the owned private passenger automobile are included on the trailer without additional charge.

E. Rating of Travel and Camping Trailers

- 1. Rate Section Rules do not apply to travel and camping trailers insured under this rule, nor shall the rules applicable to private passenger automobiles apply.
- 2. **Bodily injury and property damage liability and medical payments coverages:** Bodily injury and property damage liability and medical payments coverages afforded on the owned private passenger automobile are extended to the trailer without additional charge.
- 3. **Physical damage coverage including emergency road service:** Refer to the Rate Section for the annual premiums.

F. Rental Provisions

- 1. Coverage on rented recreational travel and camping trailers used by the insured: See Rule 505 - Use of Non-Owned Recreational Travel and Camping Vehicles and Trailers.
- 2. Coverage on owned recreational travel and camping trailers rented to others: Physical damage coverage on an insured travel or camping trailer may be extended by endorsement to apply while it is rented to others at the rate of \$1.00 for each day of rental coverage desired, subject to a minimum premium of \$5.00 for each rental period.

Note: The limits for which factors are shown or those equivalent to the bodily injury liability limits of the policy are the only available limits. For available limits other than those for which factors are provided, charge the premium for the next higher limit. The policy must then provide the limits corresponding to the premium charged, but not exceeding the bodily injury liability limits of the policy. UBI, including Underinsured Motor Vehicle Coverage, for bodily injury is available at limits not to exceed the limits provided under the policy for bodily injury liability. UPD is available to policyholders with policies not providing collision coverage.

Notes:

- A. Increase the GRG and DRG 35 factor by the percentage shown in the table below for each \$5,000, or fraction thereof, by which the MSRP exceeds \$100,000. For example, the GRG factor for a GRG 42 vehicle (MSRP between \$130,001 and \$135,000) is computed as 7 (the difference between 42 and 35) multiplied by the percentage shown in the table below. Add one and multiply by the GRG 35 factor, rounding to the nearest penny.

Coverage	Incremental GRG/DRG %
COLL	5.0%
COMP	4.5%

- B. Use the MSRP of the body and the chassis to determine the GRG and DRG.

Note: The limits for which factors are shown or those equivalent to the bodily injury liability limits of the policy are the only available limits. For available limits other than those for which factors are provided, charge the premium for the next higher limit. The policy must then provide the limits corresponding to the premium charged, but not exceeding the bodily injury liability limits of the policy. UBI, including Underinsured Motor Vehicle Coverage, for bodily injury is available at limits not to exceed the limits provided under the policy for bodily injury liability. UPD is available to policyholders with policies not providing collision coverage.

Increase the GRG 9 premium by the percentage shown below for each \$5,000, or fraction thereof, by which the MSRP exceeds \$34,000.

12%

Example: The premium for a GRG 11 bus (MSRP between \$39,001 and \$44,000) is computed as follows:

- A. 2 (the difference between 11 and 9) is multiplied by the percentage shown above.
- B. Add one and multiply by the GRG 9 premium, rounding to the nearest dollar.

Increase the DRG 9 premium by the percentage shown below for each \$5,000, or fraction thereof, by which the MSRP exceeds \$34,000.

15%

Example: The premium for a DRG 11 bus (MSRP between \$39,001 and \$44,000) is computed as follows:

- A. 2 (the difference between 11 and 9) is multiplied by the percentage shown above.
- B. Add one and multiply by the DRG 9 premium, rounding to the nearest dollar.

For available limits other than those for which factors are provided, charge the premium for the next higher limit. The policy must then provide the limits corresponding to the premium charged, but not exceeding the bodily injury liability limits of the policy. UBI, including Underinsured Motor Vehicle Coverage, for bodily injury is available at limits not to exceed the limits provided under the policy for bodily injury liability. UPD is available to policyholders with policies not providing collision coverage.

LOCATION

This section provides details on the location rating factors and territory definitions.

LOCATION RATING FACTORS

The following procedure applies to determine the Location Rating Factors for private passenger automobiles, motor homes, motorcycles, and named non-owner policies

- A. Determine the location of the address used to determine the territory of the vehicle.
- B. If the location qualifies for Location Rating Factors, the Location Rating Factor used for each applicable coverage will be no more than the Territory Rating Factor (either Private Passenger, Motorcycle, or Motor Homes) times the factor in the Maximum Effective Date Factor table below, and no less than the Territory Rating Factor (either Private Passenger, Motorcycle, or Motor Homes) times the factor in the Minimum Effective Date Factor table below. If the factor shown in the table is "N/A", then the Location Rating Factor applies.

Maximum Effective Date Factors		
Policy Term	Current Policy Effective Date	Factor
Semi-Annual	Prior to 01/15/2014	1.100
Semi-Annual	01/15/2014 and Later, but Prior to 07/15/2014	1.210

If the location does not qualify for Location Rating Factors, use the Territory Rating Factor (either Private Passenger, Motorcycle, or Motor Homes).

Note: Updates to data obtained from non-State Farm sources, such as those used to determine latitude and longitude, will be used in the subsequent determination of the LRF.

LOCATION RATING FACTOR REFERENCE

For locations qualifying for Location Rating Factors, use the factors at:
<http://b2b.statefarm.com/B2BRateGridReq/jsps/pages/rateGridRequestForm.xhtml>

TERRITORY DEFINITIONS

A. Commercial Automobiles:

The territory is that of principal garaging.

B. All Other Vehicles:

The territory is that in which the residence of the insured is located.

Exception: Salespeople, solicitors and others with similar duties requiring operation of the automobile in more than one rating territory shall be assigned to the territory as determined by the residential address of the operator, or if such residential address cannot be determined, then by the business address of the operator's employer.

Note: If an incorporated municipality that is not specifically referred to in a territorial definition extends into more than one territory, the entire municipality shall be included in the territory that contains the greater portion of the municipality land area. If an incorporated municipality is not specifically referred to in any territorial definition but it is surrounded by townships listed in a territory, the municipality should be included in the territory for those townships.

REPOSSESSED AUTOMOBILES - FINANCE COMPANIES AND BANKS (SFM Only)

Automobile finance companies and banks may be insured for the repossession, recovery, and use of financed automobiles in connection with their resale.

The premium for bodily injury and property damage liability shall be determined as follows:

- A. The semiannual base rate per car repossessed shall be

Base Rate
\$0.25

- B. The advance premium shall be determined by applying the base rate per car repossessed to the estimated number of automobiles repossessed.
- C. The premium shall be determined by multiplying the total number of cars repossessed during the policy period by the base rate per car.
- D. Except for adjusting for bodily injury and property damage liability increased limits, no other premium adjustments shall apply.
- E. The minimum premium shall be

Minimum Premium
\$25.00

regardless of limits.

- F. Any other coverage required by law will be provided at no additional charge.

Exceptions:

- A. This rule does not apply to automobiles repossessed, owned, or operated by finance companies and banks and used in the business of the insured or for pleasure purposes. Such automobiles shall be insured in the regular manner.
- B. This rule does not apply to a finance company owned and operated by an automobile sales agency.

COMPANY CAR FLEETS AND AUTOMOBILE SCHEDULE RATING PLAN (SFM Only)

A company car fleet is defined as any number of self-propelled vehicles owned by or under the direct control of State Farm Insurance Companies. All such policies containing the same expiration date and coverage limits shall be combined for the purposes of experience rating under Rule 851 - Experience Rating Plan.

All such fleets are eligible for a rate modification reflecting specific characteristics of the fleet, in accordance with the "Automobile Schedule Rating Table", to the extent that such characteristics are not reflected in any experience modification otherwise applicable.

The modification shall apply to the total premium for all coverages.

The maximum modification shall be 25%.
