PRIVATE FLOOD INSURANCE PROGRAM

HOMEOWNERS CHOICE - FLOOD INSURANCE POLICY

INSURANCE AGREEMENT

Insuring Agreement

We will pay for "direct physical loss by or from flood" to your insured property if you:

1. Have paid the correct premium;
2. Comply with all terms and conditions of this **policy** and
3. Have furnished accurate information and statements.

We have the right to review the information you give us at any time and to revise your **policy** based on our review.

As an alternative to this **policy**, "flood" insurance may be available under the National Flood Insurance Program (NFIP) through an insurance agent who may obtain a flood policy either directly through the NFIP or through an insurance company that participates in the NFIP.

DEFINITIONS

In this **policy**, "you" and "your" refer to the insured(s) shown on the "Declarations Page" of this **policy** and your spouse, if a resident of the same household. "Insured(s)" includes: Any mortgagee and loss payee named in the application and on the "Declarations Page", as well as any other mortgagee and loss payee determined to exist at the time of loss in the order of precedence. "We", "us", and "our" refer to the insurer.

Some definitions are complex because they are provided as they appear in the law or regulations, or result from court cases. The precise definitions are intended to protect you.

"Flood"

as used in this **policy**, means:

- a. A general and temporary condition of partial or complete inundation of two or more acres of normally dry land area or of two or more neighboring properties (at least one of which is your property) from:
 - (1) Overflow of inland or tidal waters;
 - (2) Unusual and rapid accumulation or runoff of surface waters from any source; or
 - (3) "Mudflow"; or
- b. Collapse or subsidence of land along the shore of a lake or similar body of water as a result of erosion or undermining caused by waves of water exceeding anticipated cyclical levels that result in a "flood" as defined in a.(1) above.

"Actual Cash Value"	means the cost to replace an insured item of property at the time of loss, less the value of its physical depreciation.
"Application"	The statement made and signed by you and your agent in applying for this policy . This "application" gives information we use to determine the eligibility of the risk, the type of policy to be issued, and the correct premium payment. The "application" is part of the flood insurance policy . For us to issue you a policy , the correct premium payment must accompany the "application".
"Base Flood"	means a "flood" having a one percent chance of being equaled or exceeded in any given year.
"Basement"	means any area of the "building", including any sunken room or sunken portion of a room, having its floor below ground level (subgrade) on all sides.
"Building"	means a structure with two or more outside rigid walls and a fully secured roof, which is affixed to a permanent site. "Building" does not mean a gas or liquid storage tank or a recreational vehicle, park trailer, or other similar vehicle.
"Cancellation"	the ending of the insurance coverage provided by this policy before the expiration date.
"Declarations Page"	means a summary of information you provided in the application for insurance. The "Declarations Page" also describes the terms of the policy , limits of coverage, and displays the premium and our name.
"Described Location"	means the location where the insured "building(s)" or personal property is found. The "described location" is shown on the "Declarations Page".

"Dwelling"	means a "building" designed for use as a residence for no more than four families.

"Elevated Post-FIRM Building"	means a "building" that has no "basement" and that has its lowest elevated floor raised above ground level by foundation walls, shear walls, posts, piers, pilings, or columns for which construction or substantial improvement occurred after December 31, 1974, or on or after the effective date of an initial Flood Insurance Rate Map (FIRM), whichever is later.

Waste includes, but is not limited to, materials to be recycled, reconditioned, or reclaimed.
"Probation Premium"	a flat charge you must pay on each new or renewal policy issued covering property in a community that the NFIP has placed on probation under the provisions of 44 CFR 59.24.
"Private Flood Insurance Policy ("PFIP")"	means this policy .
"Replacement Cost"	means the cost to replace damaged property with materials of like kind and quality, without deduction for depreciation.
"Special Flood Hazard Area"	means an area having special "flood", or "mudflow", and/or "flood"-related erosion hazards, and shown on a Flood Hazard Boundary Map or Flood Insurance Rate Map as Zone A, AO, A1-A30, AE, A99, AH, AR, AR/A, AR/AE, AR/AH, AR/AO, AR/A1-A30, V1-V30, VE, or V.

DEDUCTIBLE

When a loss is covered under this **policy**, we will pay only that part of the loss that exceeds your deductible amount, subject to the "flood" limit of liability that applies. The deductible amount is equal to the "flood" deductible shown on the "Declarations Page". In each loss from flood, separate deductibles apply to the "building" and personal property insured by this **policy**.

The deductible does not apply to the following under Property Covered:

1. Flood Coverage C – Other Coverages, Loss Avoidance Measures;
2. Flood Coverage D – Increased Cost of Compliance; or

FL OFFICE OF INSURANCE REGULATION

PROPERTY COVERED**FLOOD COVERAGE A - BUILDING PROPERTY AND ADDITIONS AND EXTENSIONS****Covered Property**

We insure against "direct physical loss by or from flood" to:

1. The "dwelling" at the "described location".
2. Additions and extensions attached to and in contact with the "dwelling" by means of a rigid exterior wall, a solid load-bearing interior wall, a stairway, an elevated walkway, or a roof. At your option, additions and extensions connected by any of these methods may be separately insured. Additions and extensions attached to and in contact with the "building" by means of a common interior wall that is not a solid load-bearing wall are always considered part of the "dwelling" and cannot be separately insured.
3. A detached garage and/or other structures at the "described location". Coverage is limited to no more than 10% of the "flood" limit of coverage on the "dwelling". Use of this insurance is at your option but reduces the "flood" "building" limit of liability. We do not cover any detached garage or other structure used or held for use for business or farming purposes.
4. Materials and supplies to be used for construction, alteration, or repair of the "dwelling", a detached garage or other structures while the materials and supplies are stored in a fully enclosed "building" at the "described location" or on an adjacent property.
5. A "building", other than a "dwelling", under construction, alteration, or repair at the "described location".
 - a. If the structure is not yet walled or roofed as described in the definition for "building" then coverage applies:
 - (1) Only while such work is in progress; or
 - (2) If such work is halted, only for a period of up to 90 continuous days thereafter.
 - b. However, coverage does not apply until the "building" is walled and roofed if the lowest floor, including the "basement" floor, of a non-"elevated building" or the lowest elevated floor of an "elevated building" is:
 - (1) Below the "base flood" elevation in Zones AH, AE, A1-A30, AR, AR/AE, AR/AH, AR/A1-A30, AR/A, AR/AO; or
 - (2) Below the "base flood" elevation adjusted to include the effect of wave action in Zones VE or V1-V30.

The lowest floor levels are based on the bottom of the lowest horizontal structural member of the floor in Zones VE or V1-V30 and the top of the floor in Zones AH, AE, A1-A30, AR, AR/AE, AR/AH, AR/A1-A30, AR/A, AR/AO.
6. The following items of property, which are covered under Coverage A only:
 - a. Awnings and canopies;
 - b. Blinds;
 - c. Built-in dishwashers;
 - d. Built-in microwave ovens;
 - e. Carpet permanently installed over unfinished flooring;
 - f. Central air conditioners;
 - g. Elevator equipment;
 - h. Fire sprinkler systems;

FLOOD COVERAGE B - PERSONAL PROPERTY

Covered Property

If you have purchased personal property "flood" coverage, we insure against "direct physical loss by or from flood" to personal property inside a "building" at the "described location", if:

- a. The personal property is owned by you or your household family members; and
- b. At your option, the personal property is owned by guests or residence employees.

APPROVED**Covered Property
Cont.**

Personal property is also covered for a period of 45 days after removal from its original location as set forth in Flood Coverage C – Other Coverages, Property Removal.

Personal property in a “building” that is not fully enclosed must be secured to prevent flotation out of the “building”. If the personal property does float out during a “flood”, it will be conclusively presumed that it was not reasonably secured. In that case, there is no coverage for such property.

Coverage for personal property includes the following property, subject to Flood Coverage B – Personal Property, Covered Property above, which is covered under Coverage B only:

- a. Air conditioning units, portable or window type;
- b. Carpets, not permanently installed, over unfinished flooring;
- c. Carpets over finished flooring;
- d. Clothes washers and dryers;
- e. Cook-out grills;
- f. Food freezers, other than walk-in, and food in any freezer; and
- g. Portable microwave ovens and portable dishwashers.

Coverage for items of property in a “building” enclosure below the lowest elevated floor of an “elevated post-FIRM building” located in Zones A1-A30, AE, AH, AR, AR/A, AR/AE, AR/AH, AR/A1-A30, V1-V30, or VE, or in a “basement”, regardless of the zone, is limited to the following items, if installed in their functioning locations and, if necessary for operation, connected to a power source:

- a. Air conditioning units, portable or window type;
- b. Clothes washers and dryers; and
- c. Food freezers, other than walk-in, and food in any freezer.

Special Limits

We will pay no more than \$2,500 for any one loss to one or more of the following kinds of personal property:

- a. Artwork, photographs, collectibles, or memorabilia, including but not limited to, porcelain or other figures, and sports cards;
- b. Rare books or autographed items;
- c. Jewelry, watches, precious and semi-precious stones, or articles of gold, silver, or platinum;
- d. Furs or any article containing fur which represents its principal value; or
- e. Personal property used in any business.

We will pay only for the functional value of antiques.

FLOOD COVERAGE C - OTHER COVERAGES**Debris Removal**

We will pay the expense to remove non-owned debris on or in insured property, and owned debris anywhere. If you or a member of your household performs the removal work, the value of your work will be based on the Federal minimum wage.

We will pay no more than \$500,000 or the Coverage A limit of liability for “flood”, whichever is less.

This coverage does not increase the limit of liability listed for “flood” on the “Declarations Page”.

**Loss Avoidance
Measures****Sandbags, Supplies, and Labor**

We will pay up to \$1,000 for costs you incur to protect the insured “building” from a “flood” or imminent danger of “flood”, for the following:

**Loss Avoidance
Measures Cont.**

- a. Your reasonable expenses to buy:
 - (1) Sandbags, including sand to fill them;
 - (2) Fill for temporary levees;
 - (3) Pumps; and
 - (4) Plastic sheeting and lumber used in connection with these items.
- b. The value of work, at the Federal minimum wage, that you, or a member of your household, perform.
- c. This coverage for Sandbags, Supplies, and Labor applies only if damage to insured property by or from "flood" is imminent, and the threat of "flood" damage is apparent enough to lead a person of common prudence to anticipate "flood" damage. One of the following must also occur:
 - (1) A general and temporary condition of flooding in the area near the "described location" must occur, even if the "flood" does not reach the insured "building"; or
 - (2) A legally authorized official must issue an evacuation order or other civil order for the community in which the insured "building" is located calling for measures to preserve life and property from the peril of "flood".

This coverage does not increase the limit of liability listed for Coverage A or Coverage B for "flood" on the "Declarations Page".

Property Removed to Safety

1. We will pay up to \$1,000 for the reasonable expenses you incur to move insured property to a place other than the "described location" that contains the property in order to protect it from "flood" or the imminent danger of "flood". Reasonable expenses include the value of work, at the Federal minimum wage, you or a member of your household perform.
2. If you move insured property to a location other than the "described location" that contains the property, in order to protect it from "flood" or the imminent danger of "flood", we will cover such property while at that location for a period of 45 consecutive days from the date you begin to move it there. The personal property that is moved must be placed in a fully enclosed "building" or otherwise reasonably protected from the elements.

Any property removed must be placed above ground level or outside of the "special flood hazard area".

This coverage does not increase the limit of liability listed for Coverage A or Coverage B listed on the "Declarations Page".

FLOOD COVERAGE D – INCREASED COST OF COMPLIANCE**General**

This **policy** pays you to comply with a state or local floodplain management law or ordinance affecting repair or reconstruction of a structure suffering "flood" damage. Compliance activities eligible for payment are: elevation, floodproofing, relocation, or demolition (or any combination of these activities) of your structure.

Limit of Liability

We will pay you up to \$30,000 under this Coverage D - Increased Cost of Compliance, which only applies to flood policies with "building" coverage (Coverage A). This coverage is in addition to the limit of liability listed for Coverage A for "flood" on the "Declarations Page"; however, the most you can collect under this **policy** for both Coverage A and flood Coverage D cannot exceed \$500,000. We do not charge a separate deductible for a claim under Coverage D.

Eligibility

A structure covered under Coverage A sustaining a loss caused by a "flood" as defined by this **policy** must:

- a. Be a repetitive loss structure. A repetitive loss structure is one that meets the following conditions:

APPROVED**Eligibility Cont.**

- Page Received: 10/06/2015 Date Of Action: 11/13/2015
FL OFFICE OF INSURANCE REGULATION
- (1) The structure has suffered "flood" damage on two or more occasions during a 10-year period, which ends on the date of the loss.
 - (2) The cost to repair the "flood" damage, on average, equals or exceeds 25% of the market value of the structure at the time of each "flood" loss.
 - (3) The state or community must have a cumulative, substantial damage provision or repetitive loss provision in its floodplain management law or ordinance being enforced against the structure; or

- b. Be a structure that has had "flood" damage in which the cost to repair equals or exceeds 50% of the market value of the structure at the time of the "flood". The state or community must have a substantial damage provision in its floodplain management law or ordinance being enforced against the structure.

This Coverage D pays you to comply with state or local floodplain management laws or ordinances that meet the minimum standards of the National Flood Insurance Program found in the Code of Federal Regulations at 44 CFR 60.3. We pay for compliance activities that exceed those standards under these conditions:

- a. Eligibility Paragraph a. above.
- b. Elevation or floodproofing in any risk zone to preliminary or advisory "base flood" elevations provided by the Federal Emergency Management Agency (FEMA) which the state or local government has adopted and is enforcing for "flood"-damaged structures in such areas. (This includes compliance activities in B, C, X, or D zones which are being changed to zones with "base flood" elevations. This also includes compliance activities in zones where "base flood" elevations are being increased, and a "flood"-damaged structure must comply with the higher advisory "base flood" elevation). Increased Cost of Compliance coverage does not apply to situations in B, C, X, or D zones where the community has derived its own elevations and is enforcing elevation or floodproofing requirements for "flood"-damaged structures to elevations derived solely by the community.
- c. Elevation or floodproofing above the "base flood" elevation to meet state or local "freeboard" requirements, i.e., that a structure must be elevated above the "base flood" elevation.

Under the minimum NFIP criteria at 44 CFR 60.3 (b)(4), states and communities must require the elevation or floodproofing of structures in unnumbered A zones to the "base flood" elevation where elevation data is obtained from a federal, state, or other source. Such compliance activities are also eligible for Coverage D.

This coverage will also pay for the incremental cost, after demolition or relocation, of elevating or floodproofing a structure during its rebuilding at the same or another site to meet state or local floodplain management laws or ordinances, subject to Exclusion g. below.

This coverage will also pay to bring a "flood"-damaged structure into compliance with state or local floodplain management laws or ordinances, even if the structure had received a variance before the present loss from the applicable floodplain management requirements.

Conditions

When a structure covered under Coverage A sustains a loss caused by a "flood", our payment for the loss under this Coverage D will be for the increased cost to elevate, floodproof, relocate, or demolish (or any combination of these activities) caused by the enforcement of current state or local floodplain management ordinances or laws. Our payment for eligible demolition activities will be for the cost to demolish and clear the site of the "building" debris or a portion thereof caused by the enforcement of current state or local floodplain management ordinances or laws. Eligible activities for the cost of clearing the site will include those necessary to discontinue utility service to the site and ensure proper abandonment of on-site utilities.

When the "building" is repaired or rebuilt, it must be intended for the same occupancy as the present "building" unless otherwise required by current floodplain management ordinances or laws.

Exclusions

Under this Coverage D (Increased Cost of Compliance) we will not pay for:

- a. The cost to comply with any floodplain management law or ordinance in communities participating in the "Emergency Program".
- b. The cost associated with enforcement of any ordinance or law that requires any insured or others to test for, monitor, clean up, remove, contain, treat, detoxify or neutralize, or in any way respond to, or assess the effects of "pollutants".
- c. The loss in value to any insured "building" or other structure due to the requirements of any ordinance or law.
- d. The loss in residual value of the undamaged portion of a "building" demolished as a consequence of enforcement of any state or local floodplain management law or ordinance.
- e. Any Increased Cost of Compliance under this Coverage D:
 - (1) Until the "building" is elevated, floodproofed, demolished, or relocated on the same or to another premises; and
 - (2) Unless the "building" is elevated, floodproofed, demolished, or relocated as soon as reasonably possible after the loss, not to exceed two years.
- f. Any code upgrade requirements, e.g., plumbing or electrical wiring, not specifically related to the state or local floodplain management law or ordinance.
- g. Any compliance activities needed to bring additions or "improvements" made after the loss occurred into compliance with state or local floodplain management laws or ordinances.
- h. Loss due to any ordinance or law that you were required to comply with before the current loss.
- i. Any rebuilding activity to standards that do not meet the NFIP's minimum requirements. This includes any situation where the insured has received from the state or community a variance in connection with the current "flood" loss to rebuild the property to an elevation below the "base flood" elevation.
- j. Increased Cost of Compliance for a garage or carport.
- k. Any structure insured under a NFIP Group Flood Insurance Policy.

Other Provisions

Increased cost of compliance coverage will not be included in the calculation to determine whether coverage meets 80% insurance-to-value requirement for replacement cost coverage as set forth in Conditions, Loss Settlement.

All other conditions and provisions of this **policy** apply.

FLOOD COVERAGE E – LOSS OF USE

If a "flood" loss covered by this **policy** makes your "dwelling" where you reside unfit to live in, we will pay up to \$5,000 for Flood Coverage E – Loss of Use. This limit applies on an aggregate per loss basis for Additional Living Expense, Fair Rental Value and Civil Authority Prohibits Use.

Additional Living Expense

If a "flood" loss causes the "dwelling" to become uninhabitable, we will cover any necessary increase in living expenses you incur to maintain your normal household standard of living.

Payment will be for the shortest time required to repair or replace the damage or permanently settle your household elsewhere.

Fair Rental Value

If a "flood" loss causes that part of the "dwelling" rented to others or held for rental by you to become uninhabitable, we cover its fair rental value.

APPROVED**Civil Authority Prohibits Use**

Payment will be for the shortest time required to replace the part of the "dwelling" rented or held for rental. Fair rental value does not include expenses that do not continue while that part of the "dwelling" rented or held for rental is uninhabitable.

If a civil authority prohibits your use of the "dwelling" as a result of direct damage to a neighboring premise by a "flood", we will cover, pursuant to the above provisions, any Additional Living Expense and Fair Rental Value losses that you incur. Coverage is for a period of no more than two weeks while use is prohibited.

Loss Not Covered

We do not cover loss due to cancellation of a lease or agreement.

PROPERTY NOT COVERED

We do not cover the following property under this **policy**:

1. Property not eligible for "flood" insurance pursuant to the provisions of the Coastal Barrier Resources Act and the Coastal Barrier Improvement Act and amendments to these acts;
2. Personal property not inside a fully enclosed "building";
3. A "building", and personal property in it, located entirely in, on, or over water or seaward of mean high tide if it was constructed or substantially improved after September 30, 1982;
4. Open structures, including a "building" used as a boathouse or any structure or "building" into which boats are floated, and personal property located in, on, or over water;
5. Recreational vehicles whether affixed to a permanent foundation or on wheels;
6. Self-propelled vehicles or machines, including their parts and equipment. However, we do cover self-propelled vehicles or machines not licensed for use on public roads that are:
 - a. Used mainly to service the "described location", or
 - b. Designed and used to assist handicapped persons, while the vehicles or machines are inside a "building" at the "described location".
7. Land, land values, lawns, trees, shrubs, plants, growing crops, or animals;
8. Accounts, bills, coins, currency, deeds, evidences of debt, medals, money, scrip, stored value cards, postage stamps, securities, bullion, manuscripts, or other valuable papers;
9. Underground structures and equipment, including wells, septic tanks, and septic systems;
10. Those portions of walks, walkways, decks, driveways, patios and other surfaces, all whether protected by a roof or not, located outside the perimeter, exterior walls of the insured "building";
11. Containers, including related equipment, such as, but not limited to, tanks containing gases or liquids;
12. "Buildings" and all their contents if more than 49% of the "actual cash value" of the "building" is below ground, unless the lowest level is at or above the "base flood" elevation and is below ground by reason of earth having been used as insulation material in conjunction with energy efficient building techniques;
13. Fences, retaining walls, seawalls, bulkheads, wharves, piers, bridges, and docks;
14. Aircraft or watercraft, or their furnishings and equipment;
15. Hot tubs and spas that are not bathroom fixtures, and swimming pools, and their equipment such as, but not limited to, heaters, filters, pumps, and pipes, wherever located;
16. Properties located in communities not participating in the NFIP or in the NFIP "Emergency Program".

EXCLUSIONS

Earth Movement

We do not insure for loss to property caused directly by earth movement even if the earth movement is caused by "flood". Some examples of earth movement that we do not cover are:

Earth Movement Cont.

1. Earthquake;
2. Landslide;
3. Land subsidence;
4. Sinkholes;
5. Destabilization or movement of land that results from accumulation of water in subsurface land area; or
6. Gradual erosion.

We do, however, pay for losses from “mudflow” and land subsidence as a result of erosion that are specifically covered under our definition of “flood” (see Definitions, “Flood”, **a.(3)**, and **b.**).

Economic Loss

We only pay for “direct physical loss by or from flood”, which means that we do not pay you for:

1. Loss of revenue or profits;
2. Loss of access to the insured property or “described location”;
3. Loss of use of the insured property or “described location”;
4. Any additional living expenses incurred while the insured “building” is being repaired or is unable to be occupied for any reason; or

Exclusions 1. through 4. above will apply unless coverage is provided under Flood Coverage E – Loss of Use.

5. Loss from interruption of business or production;
6. The cost of complying with any ordinance or law requiring or regulating the construction, demolition, remodeling, renovation, or repair of property, including removal of any resulting debris. This exclusion does not apply to any eligible activities we describe in Coverage D - Increased Cost of Compliance;
7. Any other economic loss you suffer.

“Flood” in Progress

We do not insure a loss directly or indirectly caused by a “flood” that is already in progress at the time and date:

1. The **policy** term begins; or
2. Coverage is added at your request.

Pollutants

We do not pay for the testing or monitoring of “pollutants”, unless required by law or ordinance. If testing or monitoring of “pollutants” is required by law or ordinance, the cost of testing or monitoring will reduce the limit of Flood Coverage A - BUILDING PROPERTY coverage under this **policy**.

Other Exclusions

We do not insure for direct physical loss caused directly or indirectly by any of the following:

1. The pressure or weight of ice;
2. Freezing or thawing;
3. Rain, snow, sleet, hail, or water spray;
4. Water, moisture, mildew, or mold damage that results primarily from any condition:
 - a. Substantially confined to the “dwelling”; or
 - b. That is within your control, including but not limited to:
 - (1) Design, structural, or mechanical defects;
 - (2) Failure, stoppage, or breakage of water or sewer lines, drains, pumps, fixtures, or equipment; or
 - (3) Failure to inspect and maintain the property after a “flood” recedes;
5. Water or waterborne material that:

- a. Backs up through sewers or drains;
 - b. Discharges or overflows from a sump, sump pump, or related equipment; or
 - c. Seeps or leaks on or through the covered property;
- unless there is a "flood" in the area and the "flood" is the proximate cause of the sewer or drain backup, sump pump discharge or overflow, or seepage of water;
6. The pressure or weight of water unless there is a "flood" in the area and the "flood" is the proximate cause of the damage from the pressure or weight of water;
 7. Power, heating, or cooling failure unless the failure results from "direct physical loss by or from flood" to power, heating, or cooling equipment on the "described location";
 8. Theft, fire, explosion, wind, or windstorm;
 9. Anything you or any member of your household do or conspire to do to cause loss by "flood" deliberately; or
 10. Alteration of the insured property that significantly increases the risk of flooding.

CONDITIONS

**Conditions Suspending
or Restricting "Flood"
Insurance****Continuous Lake
Flooding**

We are not liable for "flood" loss that occurs while there is a "flood" hazard that is increased by any means within your control or knowledge.

1. If an insured "building" has been flooded by rising lake waters continuously for 90 days or more and it appears reasonably certain that a continuation of this flooding will result in a covered loss to the insured "building" equal to or greater than the "building" **policy** limits plus the deductible or the maximum payable under the **policy** for any one "building" loss, we will pay you the lesser of these two amounts without waiting for the further damage to occur if you sign a release agreeing:

- a. To make no further claim under this **policy**;
- b. Not to seek renewal of this **policy**;
- c. Not to apply for any "flood" insurance under the "Act" for property at the "described location"; and
- d. Not to seek a premium refund for current or prior terms.

If the **policy** term ends before the insured "building" has been flooded continuously for 90 days, the provisions of this Paragraph 1. will apply when the insured's "building" suffers a covered loss before the **policy** term ends.

2. If your insured "building" is subject to continuous lake flooding from a closed basin lake, you may elect to file a claim under either Paragraph 1. above or 2. (A closed basin lake is a natural lake from which water leaves primarily through evaporation and whose surface area now exceeds or has exceeded 1 square mile at any time in the recorded past. Most of the nation's closed basin lakes are in the western half of the United States, where annual evaporation exceeds annual precipitation and where lake levels and surface areas are subject to considerable fluctuation due to wide variations in the climate. These lakes may overtop their basins on rare occasions). Under this Paragraph 2. we will pay your claim as if the "building" is a total loss even though it has not been continuously inundated for 90 days, subject to the following conditions:

- a. Lake "flood" waters must damage or imminently threaten to damage your "building".
- b. Before approval of your claim, you must:
 - (1) Agree to a claim payment that reflects your buying back the salvage on a negotiated basis; and
 - (2) Grant the conservation easement described in FEMA's "Policy Guidance for Closed Basin Lakes," to be recorded in the office of the local recorder of

APPROVED**Continuous Lake
Flooding Cont.**

deeds. FEMA, in consultation with the community in which the property is located, will identify on a map an area or areas of special flood hazard (ASC) in which there is a potential for "flood" from continuous lake flooding. FEMA will give the community the agreed-upon map showing the ASC. This easement will only apply to that portion of the property in the ASC. It will allow certain agricultural and recreational uses of the land. The only structures it will allow on any portion of the property within the ASC are certain simple agricultural and recreational structures. If any of these allowable structures are insurable "buildings" under the NFIP and are insured under the NFIP, they will not be eligible for the benefits of this Paragraph 2. If a U.S. Army Corps of Engineers certified "flood" control project or otherwise certified "flood" control project later protects the property, FEMA will, upon request, amend the ASC to remove areas protected by those projects. The restrictions of the easement will then no longer apply to any portion of the property removed from the ASC; and

(3) Comply with Paragraphs 1.a. through 1.d. above.

- c. Within 90 days of approval of your claim, you must move your "building" to a new location outside the ASC. FEMA will give you an additional 30 days to move if you show there is sufficient reason to extend the time.
- d. Before the final payment of your claim, you must acquire an elevation certificate and a floodplain development permit from the local floodplain administrator for the new location of your "building".
- e. Before the approval of your claim, the community having jurisdiction over your "building" must:
 - (1) Adopt a permanent land use ordinance or a temporary moratorium, for a period not to exceed 6 months, to be followed immediately by a permanent land use ordinance that is consistent with the provisions specified in the easement required in paragraph 2.b. above.
 - (2) Agree to declare and report any violations of this ordinance to FEMA so that under Section 1316 of the "Act", as amended, "flood" insurance to the "building" can be denied; and
 - (3) Agree to maintain as deed-restricted, for purposes compatible with open space or agricultural or recreational use only, any affected property the community acquires an interest in. These deed restrictions must be consistent with the provisions of paragraph 2.b. above, except that, even if a certified project protects the property, the land use restrictions continue to apply if the property was acquired under the Hazard Mitigation Grant Program or the Flood Mitigation Assistance Program. If a non-profit land trust organization receives the property as a donation, that organization must maintain the property as deed-restricted, consistent with the provisions of paragraph 2.b. above.
- f. Before the approval of your claim, the affected state must take all action set forth in FEMA's "Policy Guidance for Closed Basin Lakes".
- g. You must have "flood" insurance coverage continuously in effect from a date established by FEMA until you file a claim under paragraph 2. If a subsequent owner buys "flood" insurance that goes into effect within 60 days of the date of transfer of title, any gap in coverage during that 60-day period will not be a violation of this continuous coverage requirement. For the purpose of honoring a claim under this paragraph 2., we will not consider to be in effect any increased coverage that became effective after the date established by FEMA. The exception to this is any increased coverage in the amount suggested by us as an inflation adjustment.
- h. This paragraph 2. will be in effect for a community when the FEMA Regional Administrator for the affected region provides to the community, in writing, the following:
 - (1) Confirmation that the community and the state are in compliance with the conditions in paragraphs 2.e. and 2.f. above; and
 - (2) The date by which you must have "flood" insurance in effect.

Loss Settlement

Coverage under FLOOD COVERAGE A - BUILDING PROPERTY is settled at "replacement cost" without deduction for depreciation, but does not include the increased costs incurred to comply with the enforcement of any ordinance or law, except to the extent that coverage for these increased costs is provided in FLOOD COVERAGE D – INCREASED COST OF COMPLIANCE of this **policy** subject to the following:

1. If, at the time of the flood loss, the amount of insurance in this **policy** on the damaged building is 80% or more of the full "replacement cost" of the building immediately before the loss, or is the maximum limit available under this **policy**, we will initially pay the actual cash value of the loss, less any applicable deductible. We will then pay any remaining amounts necessary to perform such repairs or replacement as work is performed and expenses are incurred, but not more than the least of the following amounts:
 - a. The FLOOD COVERAGE A - BUILDING PROPERTY limit of liability;
 - b. The "replacement cost" of that part of the building damaged for like construction and use on the same premises; or
 - c. The necessary amount to repair or replace the damaged building.

In the event of a total loss to the dwelling, we will pay the "replacement cost" without reservation or holdback of any depreciation in value subject to the limits of this **policy**. A dwelling would be considered a total loss if the COVERAGE A – DWELLING limit was expected to be exhausted.

2. If, at the time of the "flood" loss, the amount of insurance in this **policy** on the damaged building is less than 80% of the full "replacement cost" of the building immediately before the "flood" loss, and less than the maximum limit available under this **policy**, we will pay the greater of the following amounts but not more than the maximum limit available under this **policy** that applies to the building:
 - a. The actual cash value of that part of the building damaged; or
 - b. A proportion of the cost to repair or replace the damaged part of the building, without deduction for physical depreciation and after application of the deductible.

If 80% of the full "replacement cost" of the building is less than the maximum amount of insurance available under this **policy**, then the proportion is determined by dividing the actual amount of insurance on the building by the amount of insurance that represents 80% of its full "replacement cost". But if 80% of the full "replacement cost" of the building is greater than the maximum amount of insurance available under this **policy**, then the proportion is determined by dividing the actual amount of insurance on the building by the maximum amount of insurance available under this **policy**.

3. To determine the amount of insurance required to equal 80% of the full "replacement cost" of the building immediately before the "flood" loss, do not include the value of:
 - a. Excavations, footings, foundations, piers or any supports which are below the undersurface of the lowest basement floor;
 - b. Those supports in (a) above which are below the surface of the ground inside the foundation walls, if there is no basement;
 - c. Underground flues, pipes, wiring and drains, and
 - d. The increased costs incurred to comply with the enforcement of any ordinance or law.

Mediation or Appraisal

1. **Mediation.** If there is a dispute with respect to a "flood" claim under this **policy**, you or we may demand a mediation of the loss in accordance with the rules established by the Florida Department of Financial Services.

APPROVED**Mediation or Appraisal
Cont.**

- a. The loss amount must be \$500 or more, prior to the application of the deductible; or there must be a difference of \$500 or more between the loss settlement amount we offer and the loss settlement amount that you request.
- b. The settlement in the course of the mediation is binding only if:
- (1) Both parties agree, in writing, on a settlement; and
 - (2) You have not rescinded the settlement within 3 business days after reaching settlement.
- c. You may not rescind the settlement after cashing or depositing the settlement check or draft we provided to you.
- d. We will pay the cost of conducting any mediation conference except when you fail to appear at a conference. That conference will then be rescheduled upon your payment of the mediator's fee for that rescheduled conference.
- e. However, if we fail to appear at a mediation conference, we will pay:
- (1) Your actual cash expenses incurred while attending the conference; and
 - (2) Also pay the mediator's fee for the rescheduled conference.

2. **Appraisal.** If you and we fail to agree on the amount of loss, either may request an appraisal of the loss. However, both parties must agree to the appraisal. In this event, each party will choose a competent and impartial appraiser within 20 days after receiving a written request from the other. The two appraisers will choose an umpire. If they cannot agree upon an umpire within 15 days, you or we may request that the choice be made by a judge of a court of record in the state where the "described location" is located. The appraisers will separately set the amount of the loss. If the appraisers submit a written report of an agreement to us, the amount agreed upon will be the amount of the loss. If they fail to agree, they will submit their differences to the umpire. A decision agreed to by any two will set the amount of the loss.

Each party will:

- a. Pay its own appraiser; and
- b. Bear the other expenses of the appraisal and umpire equally.

Other Insurance

If a loss covered by this **policy** is also covered by other insurance, we will pay only the proportion of the loss that the limit of liability that applies under this **policy** bears to the total amount of insurance covering the loss. If the other policy has a provision stating that it is excess insurance, this **policy** will be primary.

Suit Against Us

You may not sue us to recover money under this **policy** unless you have complied with all the requirements of the **policy**. If you do sue, you must start the suit within one (1) year after the date of the written denial of all or part of the claim, and you must file the suit in the United States District Court of the district in which the insured property was located at the time of loss. This requirement applies to any claim that you may have under this **policy** and to any dispute that you may have arising out of the handling of any claim under the **policy**.

Mortgagee Clause

The word "mortgagee" includes trustee. If a mortgagee is named in this policy, any loss payable under Flood Coverage A will be paid to the mortgagee and you, as interests appear. If more than one mortgagee is named, the order of payment will be the same as the order of precedence of the mortgages.

If we deny your claim that denial will not apply to a valid claim of the mortgagee, if the mortgagee:

- a. Notifies us of any change in ownership, occupancy or substantial change in risk of which the mortgagee is aware. This notice includes notifying us of foreclosure or if a foreclosure has been initiated;

Ms. Myles,

Thanks for the clarification on the policy jacket and application.

Yes, forms that are not part of the policy are the HC FLOOD info and Consent to Rate.

The HC Flood Info was adopted from Lloyd's. It is informational only.

The Consent to Rate is not coverage-based. It is an acknowledgement by the insured regarding the rate charged.

The Add'l Interests, which is part of the policy, is based on ISO's HO 04 10 04 91. The Personal Property Replacement Cost, which is also part of the policy, is based on ISO - HO 23 86.

Ms. Beer,

Some of these scores are quite low. Are any of these forms non-contractual and don't become a part of the policy? I'm not concerned about the policy jacket or the application because Flesch scores aren't required for those type forms.

During our review, I notice the header "This endorsement changes..." missing from the Add'l Interests Form. Adding it, bumped up the Flesch Score to 39.

I can add this revision to I-Portal if necessary.

Appreciate your help.
